

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 9-10-08

I am very concern about the trains in South Holland, during ~~the~~ the morning time I am late for work because the train comes and stop. If you are in the other lane you can't go anywhere. When I come back I am late getting my grandson from school. There is just too many trains. I even see the kids trying to beat it for school. This cause a problem for everyone. Something needs to be done about it. There should be less trains. These street are to busy for this. What will it take.
