Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Our quality of life would be severely impacted by an increase in train traffic. Our environment would be negatively changed FOREVER. What will these trains carry? There will be hazardous waste materials transported through suburban populations! Most of the tracks are located in people's back yards - This is extremely dangerous to these people and children. But also to all of the schools in our community which are located within blocks of the tracks. We have 400 crossings daily by school buses!!!

Economic impacts would be felt throughout the community - local businesses would be negatively impacted.

Is the real reason for this rerouting of trains to avoid Chicago's ~~pollution~~ fees that are imposed on train traffic?

There is a magnitude of negatives that will severely influence the lives of INNOCENT people FOREVER!

THIS IS NOT PROGRESS!! PEOPLE COUNT!

YOUR INPUT IS IMPORTANT!
