RE: CN Railway Company/EJ&E, STB Finance Docket No. 35087

Dear Secretary Quinlan:

My name is Delois Taylor and I would like to express my support for the partial acquisition between CN and Elgin, Joliet, & Eastern. This proposal will allow CN to direct many freight routes beyond the suburbs of Chicago, effectively reducing train congestion. If approved, this will give residents of Hazel Crest and surrounding areas a much needed break in dealing with train congestion.

As of right now, my schedule allows me to stay home during the normal morning and evening rush hour. However, during the day I run into idle trains when I am running errands. You would think that train congestion would cease during the day, but that is not the case. I try to take alternate routes, but many times it puts me out of my way. Furthermore, when I have to take an alternate route I am wasting fuel and time.

Secretary Quinlan, please make the CN plan a priority and approve of it as soon as possible. The transportation system in Hazel Crest needs your help in order to inherit much needed changes. Thank you for your time.

Sincerely yours,

*Delois Taylor*
