RE: CN Railway Company/EJ&E, STB Finance Docket No. 35087

Dear Secretary Quinlan:

As a resident of Bellwood, I am writing to you in full support of CN's acquisition of a segment of the Elgin, Joliet & Eastern railway line. This proposal will improve traffic in Bellwood and will help to increase productivity for freight travel.

I frequently come across idle trains. What is most frustrating is when the train stops, then moves forward a little, then stops and travels backwards. This cycle repeats itself many times and holds up traffic for long periods of time. The Bellwood community has many freight trains traveling through it on a daily basis; this proposal is just one way to improve traffic relations in this area.

As an active resident in this community, I strongly recommend that you assess this proposal and approve it as soon as possible. This area is continuously growing and it is time that our transportation system is improved to handle such growth.

Sincerely,

your Nellie Daily
