 Message:

Our community (Naperville/Aurora) does not see any benefit to the proposed increase in railroad traffic and I am adding my firm opposition to those expressed by the Indian Prairie School District regarding the acquisition of the Elgin, Joliet and Eastern Railroad by Canadian National Railway. The increase in rail traffic is a detriment to our community considering the increased traffic congestion which occurs with more frequent use of the railways. There is also an increased hazard for the children in the school district who rely on bus transport or drivers (including student drivers) who must cross the rails to get to and from school and school-related extra-curricular activities. Thank you.
