Attn: Dana Kovecky

~~Docket~~ No. FD 35952

Dear Mr Kovecky:

I am writing to urge you to not support The Great Lake Basin railroad. ~~Docket~~ No FD 35952.

This project would disrupt traffic on our township and county roads - perhaps in some cases causing closure. These roads are well traveled by emergency vehicles which are vital in case of fire or health issues. These roads are traveled by school buses. A change would require many extra miles of travel adding extra cost to already strapped school finances.

These roads are used by farmers to move machinery. Will crossings, over passes, etc be able to accomodate their size?

We can not continue to
destroy the precious land which
God has given us. Some thing
must be left for our future
generations.

I appreciate your kind
consideration.

Thank you,
Beverly Kemmer
