Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

The community of Barrington will be destroyed if this CN
Rail proposal is passed.

We ~~are~~ are already congested & this will make it worse.

The inability for our Fire Dept, Police, Ambulance Services
will truly be inhibited by the amount of TRAFFIC THIS
WILL BRING.

We are a community that has a very high amount of
residence in and around the train areas. The noise factor
will be huge. The percentages of accidents will increase.
The large radius of our community will be impacted by the
length of all of these new trains - and the amount of
them.

The amount of school buses that try to get around
to pick up all of the students - will need to add lengthy
travel times for all of the students! So our children will
also be put at more risk.

This must not happen!!

YOUR INPUT IS IMPORTANT!
