Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

We live on a cut-through street in Barrington. Whenever 59 (Haugh St) backs up (when trains come through and/or at rush hour) cars blast by our house, high above the speed limit. We don't have sidewalks on our streets so we frequently walk in our street with our children (3+1) and our dog.

If we have 20 trains passing through Barrington, not only will it cripple traffic but it will significantly increase the number of angry, distracted, speeding drivers on our street. I seriously fear for the safety of my family should the increase of rail traffic occur.

The trains will negatively affect us in a number of ways; this is the most personal and immediate problem for my family.

YOUR INPUT IS IMPORTANT!
