The People Do NOT Benefit AT ALL FROM THIS!

There ARE many many concerns I have with the purchase of CN railway acquisition. My son will be starting High School in the fall. His bus crosses these tracks 1525 trains a day negatively impact my family's safety. Traffic through the town of Barrington is already horrible enough. This track will NOT only delay school buses it will make it even more difficult to get through town.

If viaducts are installed I should NOT be required to pay for this. Barrington has already lost revenue ~~due~~ due to companies ~~opportunities~~ pulling out of business in Barrington.

For once I would like to believe that the STB, an organization that is supposed to represent me, will choose what is right NOT who has paid them off. I would love to think that the common man can ~~over~~ overside big business ~~words~~ big money Can personal safety and quality of life be more important than money!

YOUR INPUT IS IMPORTANT!
