Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

My primary concerns ~~are~~ ^{are} safety + the environmental impact. I have 3 children, 2 nephews and many other young people who travel across these tracks daily on school buses. Our school bus station is adjacent to a set of EJE tracks. What happens in an emergency when children need to be evacuated from school. This has happened in our community before. The bomb scare, fire. Buses are not the only vehicle what about fire response times, etc... There at the very least needs to be further review on issues such as--

- alternative debt is CREAT
- Taxpayer investment in expensive mitigation
- Interference w/ other railroads + commuter service
- what are the benefits to the region

YOUR INPUT IS IMPORTANT!
