U.S. Surface Transportation Board Docket No. 35087

Ms. Quinlan,

Please review the sale of the EJ & E to CN Railway. Please extend the period of accepting comments on the sale from 45 days to 120 days.

The increase of train traffic and the length of some trains extending as long as two miles will put our communities in danger for fire and police response. This sale would increase my commute an extra 10 miles in order to find a road that the train does not cross.

CN Railway should be paying to make bridges over crossing. This should not be put on the state. CN has everything to gain and we have everything to lose.
