Adam – This email follows up on the monthly Teams call this past Tuesday between Broken Stone Railroad, LLC (the railroad entity created by Texas Materials) and OEA. On that call Broken Stone Railroad informed OEA that due to decisions being contemplated by the corporate parent affiliates of Texas Materials, the parent affiliates have decided to put the Broken Stone Railroad construction project on hold for the time being. This is the sole reason for the pause. As discussed, John Shogren and I will keep OEA apprised of future developments, and hopefully the resumption of the project and the accompanying environmental review by OEA.

Please call or email me with any questions.

Regards,
Tom
