Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I am very against the CN's purchase of the EJ+E railroad for the following reasons

Safety issues for our children in the high school that will travel over the tracks over 800 times a day without including the sporting events and after school activities.
Homeland security issues
The horrible safety ~~issue~~ record of the CN railroad.
Pollution from trains and all the backed up traffic in an already heavily backed up traffic situation.
Property values and businesses that will be devalued.

YOUR INPUT IS IMPORTANT!
