My largest concern is the lack of consideration for peak traffic w/in our town. Crossing at Rte 14 is not considered a 'major' issue because on 'average' a train ~~but~~ would not cross a major thoroughfare. So between the hours of 8pm - 4am are the safest times for an emergency needing medical attention. There is no solution for emergency assistance to get to me or my family at the times we need it most. The crossing at Rte 14 seems to miss by ~~so~~ just a few car lengths. ~~The fact is~~ ~~in the~~ We live in a community which strives to provide a safe & quality living environment - we took careful consideration in choosing where to raise our family. I would ask that you as a elected parent, daughter & sister that you consider what you would do if it was your family & how you would make proper decisions. Regarding our community which we love so much.

YOUR INPUT IS IMPORTANT!
