How will CN's proposed acquisition of the EJ&E impact you?

Increased freight traffic will affect my commuting
to South Barrington. I have to drive through
downtown Barrington and it already congested
not only rush hour^{time} but also regular traffic.

In Lake Zurich Area, these railroads are close
to school and will ~~more~~ create a lot of
noise if freight train increases.

Our house is about mile away ^{from rail road} but still we can
hear "hore" at 5 o'clock in the morning.

We need grade line if, in fact, the traffic is increased.
