RE: AB 33-284X

Cynthia Brown, Administrator, STB, Washington DC 20423

Dear Ms. Brown

NARPO is writing to request the STB to not allow another extension of the NITU for AB 33-284X. The original NITU was issued by the STB in July 2010 and has been extended 15 times already with the City of St. Charles using the same old excuse for not getting a trail use agreement signed by UP and them. NARPO members who own the reversionary rights to the underlying land along the right of way have been putting up with a City that does nothing to improve the right of way as they have no legal ownership to any part of the right of way.

The STB should deny any extension to the NITU.

Richard Welsh, executive director NARPO

I certify that I have this day served copies of the document upon the Parties of Record in this proceeding, by U.S. Mail or E-mail.
