STB Rec'd 9/22/08

Ms. Victoria Rutson
Chief, Section of Environmental Analysis
Surface Transportation Board
395 E Street, SW
Washington, DC 20423-0001

Dear Ms. Rutson,

I am writing to you to express my opposition to (STB Docket number 35087) the proposed purchase of the EJ&E by Canadian National. I am concerned about traffic delays that could cause delays in emergency personnel reaching my house or the school that my children attend. I am also concerned about the environmental impact, increased noise from the railroad, and the safety for our children and vehicles traveling these roads. I am opposed to this purchase because it will create problems within our community and the local taxpayers here will be charged with solving the problems that the railroad creates. The sale would be a definite win for Canadian National, but it would be an immeasurable loss for our quiet suburban community. Please do not allow this sale to go through.

Sincerely,

A handwritten signature in black ink that reads "Lisa Guy". The signature is written in a cursive, flowing style.
