Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I've read the posters and documents and I am FRIGHTENED FOR OUR FUTURE! The community of Barrington is a great place to live, work and play. Any acquisition of the EJ&E railways for increased usage is NOT acceptable. At least 8 railroad crossings I use daily would be impacted. There is ENOUGH traffic on our railways with our commuter trains and the freight trains today. They cause backups & frustration. Any increase would cause increased traffic and hardship — shutting down businesses, adversely making people not able to get to schools, work, stores in a safe manner. In addition, trains carrying hazardous chemicals or products should not be routed through any communities such as BARRINGTON. Those who are looking to help us know that any ~~any~~ suggested purchase must be rejected! We are a community of many generations. Please preserve our livelihood.

YOUR INPUT IS IMPORTANT!
