I am opposed to the increase in the number of daily trains that run through Mundelein, specifically at the RR crossing just West of the Diamond Lake & 60/83 intersection.

We have major traffic issues daily as it is. Do a traffic study on how long it takes to drive West on 60/83 (even without a train) during the rush hour! These trains cause huge back-ups to already congested streets. I am often times unable to turn left (S) onto Diamond Lake Road to get into my subdivision when there are train back-ups. There are no other routes to my home, other than to go way out of my way and travel S on 83 then E on Gilmer, then N on Diamond Lake. The noise and traffic is already unacceptable. Commuter trains are one issue, and freight trains are an even larger issue!
