Surface Board Transportation Board
395 E Street S.W.

Dear Ms. Johnson-Ball:

As a resident in Wayne, IL I am deeply concerned about the acquisition of Canadian National Railway Company and Grand Trunk Corporation's purchase of EJ&E rail line. This will very negatively impact our community as a whole, and I am hoping that we can put a stop to this negative transaction.

Our community faces significant impact related to the safety of our citizens, our environment, and traffic gridlock all around our community and the surrounding communities. I am especially concerned with the way this will impact the emergency response time if this acquisition is approved. This puts me, my children, and the whole community at significant risk.

These issues do not seem to be a concern to Canadian National Railway nor Grand Trunk (CN). I am hoping that the Surface Transportation Board and you will have the best interest of the community and the people who live there in your decision making process.

I thank you for your time and consideration. And again ask that you take into the deepest consideration how this will affect the surrounding communities of the EJ&E rail line.

Sincerely,

Jeff Wisdom
