**Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company**

STB Finance Docket No. 35087

Date: 9/8/08

Comments must be submitted by September 30, 2008.

I am very concerned that three of the most heavily impacted crossings in Aurora are the only options I have to exit my neighborhood Eastbound. I've also heard that my section of track will be subject to "double tracking". If the traffic increases 3-4 fold it will have a disastrous impact on roads that already suffer during rush hours. This doesn't even include the impact on noise, increase in hazardous materials or safety issues.

I object to this sale. I have heard no comments from CN that they are concerned in the slightest about the quality of life of the residents who will live this every day.
