Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: Sept. 10, 2008

Comments must be submitted by September 30, 2008.

I would like to share the points of Crossing delays, and the emergency services which are impacted by 15 minutes and more; the loud blasts of the trains throughout the day and nights, shaking fishes in the China Cabinet; cracks have occurred over the years. My name is Mary E. Johnson and I have lived in South Holland for 18 years. The long idling by trains is a big factor of health and welfare as well. It is my practice for some time to wear ear plugs when going to bed, because the train blasts awaken me. The plugs help reduce the noise, so I can get better sleep. The blasts number 5 (five); few times are there 3! When outside my home, we hear the train sounds so very loudly — as if they are coming through the property, when they are a quarter mile away in reality. I surely vote for the CN Railway Company's acquisition of the Elgin, Joliet and Eastern Railway Company, STB Finance Docket No. 35087.
