I am writing to state that I am adamantly OPPOSED to the CNR acquisition of the EJ&E Rail Line. This acquisition will cause undo harm to all affected communities which provide passage to these rail lines. In addition to an increase in noise pollution, this acquisition has more serious ramifications such as dramatically increasing auto congestion in areas that are already congested, posing potential safety concerns to both automobile and pedestrian traffic and negatively impact property values in all affected communities. Finally, it would cause an increase in the level of pollution. Please, Do Not approve this proposed acquisition! It is a bad idea for all who live and travel in these areas.
