Re: STB Docket No. FD 36652

Green Eagle Railroad, LLC – Construction and Operation of a Line of Railroad in
Maverick County, Texas

To Whom It May Concern:

The City of Eagle Pass submits this correspondence in response to statements contained in the March 23, 2026, filing by counsel for Green Eagle Railroad, LLC regarding a potential Memorandum of Understanding (MOU) with Puerto Verde Holdings.

To correct the record, as of the date of that filing, the Eagle Pass City Council had taken no formal action authorizing the negotiation or execution of any Memorandum of Understanding or similar agreement with Puerto Verde Holdings or its affiliated entities. Any such agreement would require consideration and approval by the City Council at a properly posted public meeting in accordance with Texas law.

On April 7, 2026, the Eagle Pass City Council considered this matter and determined that the City will not enter into a Memorandum of Understanding with Puerto Verde Holdings regarding a proposed partnership for the Puerto Verde Global Trade Bridge, along with Maverick County, as a public-private partnership.

Should the City Council authorize a different course of action in the future, the City will provide formal notice to the Board. The City further respectfully requests that the Board rely only on official communications from authorized City representatives when considering the City's position and that any statements made by or on behalf of Puerto Verde Holdings regarding the City be independently confirmed with the City.

The City remains committed to ensuring that any matters of this nature are handled through proper public processes and with formal Council authorization.

Respectfully submitted,

Homero Balderas
City Manager
City of Eagle Pass
