Finally got an answer from the client. The bridges will not be salvaged. NS intends to leave the corridor intact, including the bridges, in case it sells the corridor for a trail or to another entity. NS will maintain the bridges as long as NS owns them.

Subject: Abandonment Exemption in Durham County, North Carolina

---

Hi Bill,

I am preparing an environmental assessment in STB Docket No. AB 290 (Sub-No. 324X), located in Durham County, North Carolina. The filing for the case indicates that there are three bridges on the line proposed for abandonment. Can you provide me with any information about any plans that Norfolk Southern has for those bridges. Will they be removed during salvage?

Thank you for your assistance,

Josh Wayland
