

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 8-27-08

I am aghast that the Draft Environmental Impact Statement failed to adequately take into account the total environmental impact to our town. It defies belief that our government could allow a foreign company to come in to make a purchase of this magnitude with so many gaps in the overall analysis. I am particularly outraged at the lack of regard for the real safety issues we will now face due to the first responder impact and the likely increase in traffic and travel times. I categorically refuse to pay through taxes to help CN mitigate the 7 grade crossings. This is outrageous.

YOUR INPUT IS IMPORTANT!
