Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 9/3/08

Dear Ms Johnson - Ball,

Please take into consideration our safety & productivity as you review the acquisition proposal & mitigation plans. The at grade crossing at Stearns, Army Trail, and 38 are already a complete mess... trains routinely stop across them leaving citizens late for work, picking up unescorted children and medical appointments. It is much more of an issue than simple convenience, noise, pollution — it really is a safety issue, Emergency response, collisions & the like. At a minimum we need over/underpasses at Stearns & 38.

Thank you for your consideration,
