Comment Form

**Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company**

STB Finance Docket No. 35087

Date: 8/25/08

Comments must be submitted by September 30, 2008.

The towns & villages impacted by the increased rail traffic are no longer Rural communities. These are vibrant growing, densely populated communities. The environmental impact, along w/ safety issues, highway traffic congestion & negative to "Quality of Life" seem to make it obvious that the rail lines need to be further out from the villages. Making the railroads operate further away from the proposed region is the only logical solution to increased Rail traffic -
