Dear Mr. Napierky,

I am firmly AGAINST Docket No. FD35952.

My concern is many country roads in Grundy County will be closed when the proposed FLB Rail line crosses our County. True some open crossings will be made but considering the many tracks and fast moving trains it will be very dangerous for slow moving farm equipment to cross these tracks.

For this reason I ask you Vote AGAINST Docket No. 35952.

Sincerely,

Helen McCormick

Dear Mr Narecky,

I ask you Vote AGAINST Docket no. FD 35952.

As the proposed GLB Rail line crosses Grundy County it will cause many of our farm fields to be divided making odd shaped fields for the farmer to cultivate thus using more fuel and added expense for the farmer.

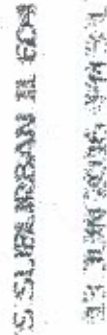

For this reason I ask you Vote
AGAINST Docket no. FD 35952.

I am firmly AGAINST Docket No. FD35952.

When the GLB Rail line crosses Gundy County there will be a tall long overpass built right near my house. That big overpass will block my view of my lovely farm land and also even my close neighbors homes. I feel this will destroy much of the beauty of our landscape.

For this reason I ask you vote AGAINST Docket No. FD35952.

When the proposed GLB Rail line crosses Grundy County much of our prime farmland plans to be purchased by the GLB. My neighbor who was told his farmstead will be cut up by the rail line. If he refuses to sell to them he was told he will be forced to sell the farm land and the rail line to cross his property. What has happened to our freedom and our rights?

When the proposed GLB rail line crosses Grundy county the rail line plans to use 200 ft strip of land. All this land will not be used for tracks ~~there~~ in the unused land many invasive weeds will grow. These weeds will spread into the farm fields making an additional expense for the farmer.

There are several low places around/near my home that flood with excess rain. Now the present field tile system does a good job of controlling much flooding at my home foundation. I am concerned about the excess noise the train traffic will make as the proposed GLB Rail line passes thru Grundy County near my home. There already is a major train line coming from Chicago that is especially noisy passing my home with train cars rumbling and horns blaring. There will be much more noise pollution when the proposed GLB Rail line intersects this already busy train line all near my home.

For this reason I am firmly AGAINST Docket No. FD35952.

My concern is the many country roads here in Grundy County that will be closed when the proposed G.L.B. Rail line is constructed. True the G.L.B. promises the farmer that they will have "safe crossings" on a few of the not closed roads.
