

Petition to:
STOP Great Lakes Basin Transportation, Inc. from developing a
Railroad Track in Rock County, Wisconsin.

We, the undersigned, citizens of Rock County are opposed to the proposed railroad for the following reasons:

1. Loss of 6700+ acres of productive farmland for the right of way with additional acreage rendered unusable because of land division, soil compaction and access restrictions.
2. Safety concerns because of train speed, road closings, derailments, and additional time needed for emergency First Responders.
3. Destruction of wetlands and wildlife habitat, noise, air and water pollution and quality of life for peaceful outdoor enjoyment.
