Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I live in Barrington and work for a local realty company. The enormous increase in train traffic will make this a very dangerous town! My son is a student at the high school on Main Street and I'm very concerned that students will not wait for long freight trains if they're late to school. They will not cross the tracks in advance of the long freighters. This is inviting disaster! Don't let this happen to our town! Barrington was never developed with this much freight train traffic in mind. We are a residential community, NOT a railroad yard. The impact of the possible increase in trains has already caused two of my clients to decide to buy homes somewhere else.

YOUR INPUT IS IMPORTANT!
