Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

My main concerns are as follows

- 1) The Barrington Community is built around the rail lines and has expanded around them. The three main roads through Barrington are only two lane already. Traffic at peak hours is horrendous. During these peak hours crossing rail lines, I am concerned about the amount of time our children will have to be on school buses in the morning & the afternoon if the train traffic increases.
- 2) I am concerned about the emergency response time of fire / police / paramedics.
- 3) I am concerned about the amount of money Barrington & Illinois taxpayers & county are going to have to pay to improve roads & intersections & to build tunnels / bridges to ~~maintain~~ mitigate the effect of this acquisition.

YOUR INPUT IS IMPORTANT!
