Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

At this time I cross the E-J + E Grade Crossing on either Old Sutton or Penny Road in Barrington Hills at least twice a day and most days several additional times. In the mornings there are times when both of these crossings are blocked by trains forcing me to back track 6 miles to cross the tracks on an elevated crossing.

An increase in train traffic on this line will only cause most people residing in the south end of Barrington Hills to incur longer delays and expend great sums on fuel just to cross the track.

~~It~~ This project's impact is too high
