**Re: Engelhard Corporation--Petition for Declaratory Order--
Springfield Terminal Railway Co. and Consolidated Rail
Corporation--STB Docket No. NOR 42075**

Dear Secretary Williams:

Enclosed for filing in the above-referenced action is the original and ten (10) copies of the Reply of Respondent Consolidated Rail Corporation to Opening Statement of Engelhard Corporation. Pursuant to 49 C.F.R. § 1104.2, the original and all copies are paginated consecutively to assist with scanning. Because the textual submission is less than twenty pages in length, no electronic copies are included. See 49 C.F.R. § 1104.3(b)(1).

Very truly yours

I. INTRODUCTION

Pursuant to this Board's Decision and Order served April 1, 2003, Consolidated Rail Corporation ("Conrail") submits its Reply to the Opening Statement of Engelhard Corporation ("Engelhard"). As explained below, Engelhard's remaining cause of action is untimely to the extent it seeks mileage allowances allegedly earned on shipments delivered (or tendered for delivery) prior to May 15, 1999. In the alternative, that cause of action is untimely with respect to mileage allowances earned through March 1999.

II. BACKGROUND AND PROCEDURAL HISTORY

On May 15, 2001, Engelhard commenced an action against respondents Conrail and Springfield Terminal Railway Co. ("ST") in Federal District Court for the District of Massachusetts seeking compensation ("mileage allowances" or "mileage") allegedly earned in connection with rail shipments in privately-owned tank cars dating back to 1991. The underlying substance of this action is not before this Board. However, a brief explanation of

the genesis of the dispute and the procedural history of this matter is helpful in understanding the issues referred to this Board.

A. The Substance of the Underlying Dispute.

Effective March 31, 1990, Conrail and ST entered into an agreement which established Barber, Massachusetts ("Barber St."), as an interchange location. *See* Exhibit A (the "Haulage Agreement").¹ Conrail and ST have differing views concerning the effect the Haulage Agreement has on the responsibility for mileage allowances between Selkirk, New York ("Selkirk"), and Barber St.

As detailed below, ST accepted responsibility for mileage between Selkirk and Barber St. when shipments were waybilled over Conrail to Rotterdam Jct., New York, but interchanged with ST at Barber St. With respect to shipments waybilled over Conrail to Barber St., ST contends that because Conrail received the freight revenue to Barber St., Conrail is responsible for mileage between Selkirk and Barber St. It is Conrail's position that the Haulage Agreement made ST responsible for all mileage between Selkirk and Barber St. regardless of how shipments were waybilled. As Engelhard admits, and as this Board acknowledged in its April 1, 2003 Decision and Order, as a result of the railroads' respective positions, Conrail never paid mileage for the Selkirk-Barber St. segment, and ST paid mileage for that segment only in certain instances.

¹ The railroads sometimes referred to the March 31 agreement as a "Haulage Agreement." That agreement is not a haulage agreement as that term is generally understood in the rail industry. Rather, it is an interchange agreement. However, to avoid confusion, Conrail will refer to the agreement as the "Haulage Agreement."

B. Procedural History.

Engelhard filed its Complaint on May 15, 2001. Pursuant to leave granted by the District Court during oral argument on motions to dismiss the Complaint, Engelhard filed an Amended Complaint. The Amended Complaint (like the Complaint) sought more than \$568,000 in mileage allowances. Count I alleged a damages action based on the "Interstate Commerce Act."² See Exhibit 1 to Engelhard's Opening Statement at pg. 12. Counts II-V sought to recover the same mileage allowances under various state law contract-based theories. *Id.* at pp. 12-22. The Appendix filed with the Complaint, and incorporated by reference into the Amended Complaint (*Id.* at pg. 2), revealed that Engelhard was seeking mileage earned as far back as 1991. See *infra*, at III.E.

Conrail and ST both filed motions to dismiss the Amended Complaint. Conrail argued that the ICCTA preempted any state law causes of action to recover mileage allowances. Conrail argued further that, under 49 U.S.C. § 11705(c) and the tariff governing the payment of mileage allowances (the "Private Mileage Tariff" or "Tariff"), any cause(s) of action to recover mileage earned through March 1999 accrued by May 10, 1999 at the latest. Since Engelhard did not file its Complaint until May 15, 2001, its action was untimely to the extent it sought to recover mileage earned through March 1999.

ST advanced similar preemption and statute of limitations arguments. ST (but not Conrail) also argued that the Tariff prohibits Engelhard from maintaining an action to recover mileage allowances to the extent it is not the owner of the reporting marks of the cars used to make the shipments for which mileage is claimed.

² Effective January 1, 1996, the Interstate Commerce Act was replaced by the Interstate Commerce Commission Termination Act (the "ICCTA"). See 49 U.S.C. § 701 *et seq.* (2002).

C. The District Court Decision.

In its ruling on the railroads' motions to dismiss, the District Court held that the ICCTA preempts Engelhard's state law causes of action to recover mileage allowances and, accordingly, dismissed Counts II-V. *Engelhard v. Springfield Terminal Railway Co.*, 193 F. Supp.2d 385-387, 390 (D. Mass. 2002). The court also held that Engelhard's remaining ICCTA-based damages action is governed by the two-year statute of limitations of 49 U.S.C. § 11705(c). *Id.*

The District Court did not, however, determine when Engelhard's ICCTA claim accrued for statute of limitations purposes. Nor did the District Court rule on the issue of whether Engelhard, as an assignee, may maintain an action for mileage allowances. Instead, the District Court decided to seek guidance from this Board with respect to those two issues. *Engelhard*, 193 F. Supp.2d at 391. On May 22, 2002, upon consideration of submissions by the parties, the District Court issued an Order referring the following two questions to this Board:

- (a) Does a cause of action involving a disputed failure to pay car mileage allowances under Tariff 6007 arise one month and ten days after the end of the month in which the obligation is incurred, or four months from which a railroad refuses to pay or act on a claim, or on the occurrence of some other date or event?
- (b) Is a railroad obligated to pay compensation under Tariff 6007 only to the owner of a car's reporting mark, or does Item 180 of such tariff permit the owner of the mark to assign the right to payment to a lessee of a car?³

³ In the District Court Conrail neither supported nor opposed ST's argument which precipitated the referral of this issue, and Conrail takes no position on that issue in this proceeding insofar as it is limited to the question of the assignability of claims for purposes of litigation.

In response to Engelhard's Petition for Declaratory Order and Conrail's and ST's replies thereto, by Decision and Order served April 1, 2003, this Board instituted a declaratory order proceeding to resolve the issues referred to it by the District Court.

III. ARGUMENT

A. Introduction.

Mileage allowance claims are "related to" shipments of property within the meaning of ICCTA § 11705(g) and thus accrue upon delivery (or tender thereof) of the shipments for which they are earned. Engelhard did not file its Complaint until May 15, 2001. Its action is, therefore, untimely to the extent it is based on mileage earned on shipments delivered (or tendered for delivery) prior to May 15, 1999. Alternatively, this action is untimely to the extent it seeks mileage earned through March 1999. Even if (as Engelhard contends) the statute of limitations was tolled during the pursuit of administrative remedies, that tolling ended in April 1998 at the latest, when Engelhard's continued resort to administrative remedies was futile. Finally, under Engelhard's own theory, the vast majority of its alleged damages are time-barred.

B. Mileage Claims Accrue When Shipments are Delivered or Tendered for Delivery.

The applicable statute of limitations requires a party to file a claim "within 2 years after the claim accrues." 49 U.S.C. § 11705(c) (2002). ICCTA § 11705(g) provides that "[a] claim *related to* a shipment of property accrues under . . . [Section 11705] on delivery or tender of delivery by the rail carrier." 49 U.S.C. § 11705(g) (2000)(emphasis added). Notably, "shipment" is a broader term than "transportation" and includes not only the

property being transported but the transportation itself. *Pennsylvania R.R. Co. v. Carolina Portland Cement Co.*, 16 F.2d 760, 761 (4th Cir. 1927).

As this Board noted in its April 1, 2003 Decision and Order, the mileage allowances Engelhard seeks were allegedly earned in connection with rail shipments in privately-owned tank cars. Clearly, Engelhard's claims are "related to" shipments of property within the meaning § 11705(g). *See Union Pac. R.R. Co. v. Coast Packing Co.*, 236 F. Supp. 1130, 1133 (C.D. Ca. 2002)(§ 11705(g) determines when claims for demurrage accrue); *A.T.&S.F.Ry. Co. v. Benchcraft, Inc.*, 381 F. Supp. 603, 604 (W.D. Mo.)(predecessor to § 11705(g) determined when cause of action for demurrage accrued), *aff'd*, 503 F.2d 560 (8th Cir. 1974), *cert. denied*, 420 U.S. 929 (1975); *South Omaha Terminal Ry. Co., Inc., v. Armour & Co., Inc.*, 373 F. Supp. 641, 642-43 (D. Neb. 1974)(same).

The fact that mileage is not reported until one month and ten days after the month in which it is earned (*see* Exhibit B at Item 180) is of no consequence. In *South Omaha*, the carrier and the shipper agreed to tally demurrage changes at the end of each month. 373 F. Supp. at 643. The carrier thus argued that "since no final accounting of the demurrage was made until July 31, no cause of action for demurrage for any of the July days accrued until the end of that month." *Id.* The court, citing § 11705(g)'s predecessor, rejected the carrier's argument:

Plaintiffs' major error lies in its misconstruing of the terms "accrue" and "come due" at least for the purposes of [section 11705(g)]. The statute is explicit that accrual under [section 11705(g)] is not synonymous or mutually interchangeable with collectability or dueeness of the debt and that *the point of delivery overrides any conventional notion of when an action judicially matures*. Indeed if the statute had meant to adhere to the general standards of allowing the statute of limitations to run from the point when the action could have been brought then [section 11705(g)] would have been totally superfluous. It is therefore clear that Congress anticipated the multitude of variations in periods of limitations that would result if conventional standards

of triggering the period were used and promulgated [section 11705(a) and (g)] in order to avoid such variation by creating a uniform time of accrual irrespective of when the action could have generally been brought.

Id. at 644 (emphasis added).

The court in *Benchcraft* noted that the predecessor of § 11705(g)

is contrary to all judicial concepts of when a cause of action accrues. It is indeed strange to think that the statute of limitations for this action began to run before any demurrage charges were incurred. Strange as it may be, that is the law. It is based on sound congressional policy: “uniformity and equality of treatment, as between carrier and shipper.” Congress simply has discarded traditional judicial concepts “in favor of the § [11705(g)] uniform statutory period of delivery as the start of the limitation period.”

381 F. Supp. at 604-05 (internal citations omitted).

Each of Engelhard's mileage claims accrued for purposes of the two-year limitations period of § 11705(c) upon delivery (or tender of delivery) of each shipment. Thus, Engelhard may not recover mileage earned in connection with shipments which were delivered to their final destination (or tendered for delivery) prior to May 15, 1999.

C. Engelhard May Not Recover Mileage Earned Through March 1999.

Assuming *arguendo* that § 11705(g) does not determine the accrual issue, a portion of Engelhard's claimed damages are nevertheless time-barred. Engelhard may not recover mileage earned through March 1999.

Federal law determines when a federal cause of action accrues. *Heinrich v. Sweet*, 49 F. Supp.2d 27, 36-37 (D. Mass. 1999). *See also Industrial Contractors Corp. v. United States Bureau of Reclamation*, 15 F.3d 963, 968 (10th Cir. 1994). Under federal law, a cause

of action accrues when the plaintiff discovers (or should have discovered) the injury upon which the action is based.⁴

Engelhard's ICCTA damages action is comprised of thousands of individual mileage allowance claims. Construing the remaining Count in the light most favorable to Engelhard, a separate cause of action arose each time the railroads allegedly failed to report mileage allowances earned between Selkirk and Barber St. Item 180 of the Private Mileage Tariff requires railroads to report mileage allowances within one month and ten days of the month in which they are earned. *See* Exhibit B. Engelhard admits that neither Conrail nor ST reported mileage for the Selkirk-Barber St. segment and that mileage earned over that segment was not included in either railroad's monthly mileage reports. *See* Affidavit of Patrick Kelley, Exhibit 2 to Engelhard's Opening Statement at ¶ 5. Accordingly, by May 10, 1999, Engelhard necessarily discovered (or should have discovered) that the railroads had not reported mileage allowances earned over the Selkirk-Barber St. segment through March 1999. Since Engelhard did not file its Complaint until May 15, 2001, its action is time-barred by the two-year statute of limitations of § 11705(c) to the extent it seeks to recover mileage earned through March 1999. *See South-West RR Car Part Co. v. Missouri Pac. RR Co.*, No. 40073, 1988 WL 225131, *2 (I.C.C. Dec. 1, 1988)(two-year statute of limitations of former Interstate Commerce Act § 11706(c)(1) foreclosed relief with respect to shipments which moved more than two years prior to date complaint was filed).⁵

⁴ *See, e.g., Union Pacific R.R. Co. v. Beckham*, 138 F.3d 325, 330 (8th Cir.)("In a federal question case, and in the absence of a contrary directive from Congress, the 'discovery rule,' according to which a plaintiff's cause of action accrues when he discovers, or with due diligence should have discovered, the injury that is the basis of the litigation, is used to determine when a plaintiff's federal claim accrues."), *cert. denied*, 515 U.S. 817 (1998).

⁵ *See also Ford Motor Co. v. Canadian Nat'l Ry.*, 356 I.C.C. 857, 869 n.10 (1977)(damages action time-barred under former Interstate Commerce Act § 16(3)(B) to the extent it sought reparations for shipments which moved more than two years prior to filing complaint).

D. The Pursuit of Administrative Remedies Does Not Delay the Accrual of a Cause of Action Where Exhaustion of Administrative Remedies is Not Mandatory.

The Private Mileage Tariff contains an administrative remedies scheme which permits a party to file claims for mileage. *See* Exhibit B at Item 182.2.A. Under that scheme, a claimant may submit a mileage claim within twenty-four months from the last day of the month mileage is reported. *Id.* The railroad receiving the claim has four months from the date on which the claim is presented to allow or deny the claim. *Id.* Engelhard maintains that the accrual of a cause of action is delayed until the expiration of the Tariff's initial four month review period or the date on which the receiving railroad denies the claim, whichever is earlier. *See* Engelhard's Opening Statement at 6.

Engelhard's position is contrary to law. Numerous courts interpreting various federal statutes have ruled that where the pursuit and exhaustion of available administrative remedies is not mandatory, the resort to such remedies does not delay the accrual of a cause of action. *Trafalgar Capital Assocs., Inc. v. Cuomo*, 195 F.3d 21, 36 (1st Cir. 1998)(numerous citations omitted), *cert. denied*, 525 U.S. 1035 (1999).⁶ Neither the ICCTA, the Private Mileage Tariff nor any judicially-created doctrine requires a party to pursue, much less exhaust, the Tariff's administrative remedies before commencing a damages action.

Engelhard's assertion that failing to toll the accrual of a cause of action while a party pursues the Tariff's administrative remedies will negate the Tariff's audit procedures and

⁶ *See also Mitsubishi Elec. Am., Inc. v. United States*, 44 F.3d 973, 978 (Fed. Cir. 1994); *Bonen v. United States*, 666 F.2d 536, 539 (Fed. Cir. 1981), *cert. denied*, 456 U.S. 991 (1982); *Jarrett v. White*, No. Civ. A. 01-800-GMS, 2002 WL 134804, *5 (D. Del. 2002); *Hoodak v. Int'l Bus. Machines, Inc.*, 202 F. Supp.2d 109, 114-15 (S.D.N.Y. 2002).

result in a spate of litigation is unfounded. Claimants decide whether or not to file damages actions based on merit, not on the basis of when claims were submitted and denied. Whether or not the statute of limitations is tolled during the pursuit of administrative remedies will not determine *whether* litigation is brought, but only *when* it is brought. Tolling will only result in those suits which would have been brought anyway being brought later, when memories have faded and important documentary evidence may have been discarded based on the belief that it was no longer needed.

Litigation is far more costly than filing claims under the Tariff. So the suggestion that, absent tolling during the claims procedure, a claimant will opt for litigation in lieu of first resorting to the Tariff's administrative remedies is incredible. The Private Mileage Tariff permits a party to file such a claim *within* twenty-four months from the reporting of mileage. See Exhibit B at Item 182.2.A. A claimant is free to file claims more expeditiously. Since a railroad must respond to claims within four months, *id.*, claimants who diligently pursue their administrative remedies will be left with ample time to institute legal action should they choose to do so. Only those claimants who have rested on their rights for most of the twenty-four month filing period will be forced forgo the claims procedure in order to avoid the statute of limitations bar. This Board should not issue a ruling which countenances such needlessly dilatory behavior, such as that exhibited by Engelhard. See *Aluminum Co. of Amer. v. A.T.&S.F. Ry. Co.*, No. 40122, 1989 WL 239057, *2 (I.C.C. July 19, 1989) ("The purpose of tolling is to do equity when a party that has *acted with diligence* has missed a limitations period for *reasons beyond its control.*") (emphasis added).

Under the Tariff, mileage earned during January, 2004 would be reported in March 2004. See Exhibit B at Item 180. Absent immediate accrual of a cause of action, a claimant

could wait twenty-four months--until the end of March 2006--to initiate the claims procedure. *Id.* at Item 182.2.A. Even if the reviewing railroad were to deny the claim in one month, thereby triggering the running of the two-year statute of limitations, a claimant would not have to commence litigation until the end of April 2008--more than four years after the mileage was reported. The only things tolling during pursuit of the Tariff's administrative remedies would negate are the Congressionally-enacted two-year limitations period of § 11705(c) and Congress' intent, reflected in § 11705(g), to establish a "uniform time of accrual." *South Omaha*, 373 F. Supp. at 644. *See also Benchcraft, Inc.*, 381 F. Supp. at 604-05.

E. Tolling of the Accrual of a Cause of Action During the Pursuit of Administrative Remedies Ends Once Continued Resort to Those Remedies Would be Futile.

The facts and circumstances of this particular case compel a determination that, prior to the limitations cutoff of March 1999, Engelhard's continued resort to the Tariff's claims procedure would afford it no relief with respect to Selkirk-Barber St. mileage earned in connection with shipments waybilled over Conrail to Barber St.--the very mileage now being sued for. As such, any tolling which Engelhard may have enjoyed ended before that time for both past and future mileage allowance claims.

In those situations where the pursuit of administrative remedies tolls the accrual of a cause of action, tolling is not indefinite. Tolling ends (and a cause of action accrues) when continued resort to administrative remedies would be futile or would not afford the plaintiff the relief it seeks. *See, e.g., Clayton v. Int'l Union, Etc.*, 451 U.S. 679, 689-93 (1981); *Union Pacific R.R. Co.*, 138 F.3d 325 at 330; *Harrigan v. Caneel Bay, Inc.*, 745 F. Supp. 1122, 1127 (D.V.I. 1990)(citing *Scott v. Local 893, Int'l Brotherhood of Teamsters*, 725 F.2d 226,

299 (3d Cir. 1984)). Engelhard's continued resort to administrative remedies was futile well before March 1999.

Perhaps the most compelling evidence of futility is the April 17, 1998 letter from Patrick Kelley of Rail Transportation Management Services ("RTMS"), one of Engelhard's mileage auditors, to Conrail and ST. *See* Exhibit C. The opening sentence of that letter speaks volumes:

I am writing on behalf of Engelhard Corporation concerning an issue that has, *over the last several years, escalated to major proportions*, costing Engelhard *hundreds of thousands of dollars* in lost mileage credits.

Id. (emphasis added).

Mr. Kelley goes on to describe how the "net effect" of the dispute between the railroads is that Engelhard has "not been paid at all . . . *over thousands of moves.*" *Id.* (emphasis added).⁷ Indeed, as of the date Mr. Kelley's letter, RTMS had already filed twelve groups of claims with a total value over \$300,000. *See* Exhibit D.

ST responded to Mr. Kelley's April 17 inquiry by letter dated April 27, 1998. *See* Exhibit E. ST explained that it was responsible for Selkirk-Barber St. mileage when shipments were commercially routed over Conrail to Rotterdam Jct. *Id.* ST denied responsibility for Selkirk-Barber St. mileage earned in connection with shipments commercially routed over Conrail to Barber St. *Id.*

Conrail has not been able to locate a written response to Mr. Kelley's April 17 letter. However, Mr. Kelley was well aware of Conrail's position, acknowledging in his letter that "Conrail claims that ST is *always* responsible" for mileage between Selkirk and Barber St.

⁷ Despite an alleged determination "to pursue a prompt resolution of this matter before the absorption of Conrail", Exhibit C, Engelhard waited until almost two years after June 1, 1999, commonly referred to as "Split Date", to commence legal action.

Exhibit C (emphasis added).⁸ Engelhard also admits in the Amended Complaint that, *in response to his April 17 letter*, Conrail told Mr. Kelley that ST was responsible for "all" mileage between Selkirk and Barber St. regardless of how the railroads divided revenue. *See* Exhibit 1 to Engelhard's Opening Statement at ¶¶ 33, 35.

Mr. Kelley's 1998 letter was only the latest in a series of communications between Conrail and Engelhard's auditors. In March of 1997 Larry Burks of Freight Rate Service Company ("FRSC") wrote to Conrail concerning Selkirk-Barber St. mileage. *See* Exhibit F.⁹ Conrail responded to FRSC's inquiry by explaining that, pursuant to the terms of the Haulage Agreement, Conrail did not pay mileage between Selkirk and Barber St. *and would not in the future*: "WE DON'T AND WON'T PAY PAST SELKIRK." *See* Exhibit H (emphasis in original).¹⁰ Conrail's position was unequivocal and was not conditioned upon how a particular shipment was waybilled. *Id.*

As it notes, Mr. Burks' March 1997 letter was a follow-up to previous conversations with (and letters to) Conrail's Joseph Galasso. *See* Exhibit F. Mr. Galasso permanently retired from Conrail effective October 31, 1996. *See* Exhibit J. As such, any such conversations and letters must have taken place before that date.

Conrail had various other communications with RTMS and FRSC concerning Selkirk-Barber St. mileage, each time explaining that, consistent with the Haulage Agreement, mileage between those two points was the responsibility of ST, regardless of how freight revenue was divided. *See* Exhibit K. And by 1998 Conrail was routinely

⁸ Mr. Kelley's letter accurately summarizes the railroads' positions. So why RTMS was, at this late date, asking for another explanation of those positions is a mystery.

⁹ FRSC filed Selkirk-Barber St. mileage claims for Engelhard as early as January 1994. *See* Exhibit G.

¹⁰ That same year ST informed FRSC that it would not pay Selkirk-Barber St. mileage when shipments were waybilled over Conrail to Barber St. *See* Exhibit I.

rejecting without review Selkirk-Barber St. mileage claims submitted by Engelhard's auditors. *Id.*

The futility of Engelhard's continued resort to the Tariff's administrative remedies is graphically illustrated by the Appendix filed with the Complaint and incorporated by reference into the Amended Complaint. *See* Exhibit L. Sheets B and D of that Appendix catalog more than *fifteen hundred* instances of unpaid mileage between Selkirk and Barber St. between *1991 and 1996*. *Id.* at Sheets B and D. The total value of those claims is more than \$190,000. *Id.* at Sheet A. Together, Sheets C and E catalog more than *one thousand additional instances* of unpaid mileage earned through 1996 and thousands of additional claims filed well before the limitations cutoff. *Id.* at Sheets C and E.

The evidence in this matter overwhelmingly establishes that, by April 1998 *at the latest*, and thus well before the limitations cutoff, Engelhard knew that:

- Since 1991 it had not been (and would not be) paid for thousands of mileage claims between Selkirk and Barber St.;
- Since 1991 ST had not been paying mileage between Selkirk and Barber St. for shipments waybilled over Conrail to Barber St. and would not do so in the future;
- Since 1991 Conrail had not paid any mileage between Selkirk and Barber St. and would not do so in the future.

By April 1998 at the latest Engelhard knew that continuing to resort to the Tariff's administrative remedies would afford it no relief for past or future mileage claims arising from shipments waybilled over Conrail to Barber St. At that point, any tolling of the statute of limitations with respect to such past and future mileage claims ended, and it became incumbent upon Engelhard to commence legal action to recover any and all such mileage.

F. This Case Does Not Warrant Tolling.

Although somewhat lengthy, the following cogent explanation of the effects and purposes of any statute of limitations is worth reproducing in full:

When analyzing the effects of statutes of limitations, the Supreme Court has stated that “the length of the [limitations] period allowed for instituting suit inevitably reflects a value judgement concerning the point at which the interests in favor of protecting valid claims are outweighed by the interests in prohibiting the prosecution of stale ones.” *Johnson v. Railway Express Agency, Inc.*, 421 U.S. 454, 463-64, 95 S. Ct. 1716, 1722 (1975). Important policies, such as rapid resolution of disputes, repose for those against whom a claim could be brought, and avoidance of litigation involving lost evidence or distorted testimony of witnesses, underlie statutes of limitations. *See Wilson v. Garcia*, 471 U.S. 261, 271, 105 S. Ct. 1938, 1944, 85 L.Ed.2d 254 (1985). Accordingly, statutes of limitations “for gaining access to the federal courts are not to be disregarded by courts out of a vague sympathy for particular litigants,” *Baldwin County Welcome Ctr. v. Brown*, 466 U.S. 147, 152, 104 S. Ct. 1723, 1726 (1984) (*per curiam*), and strict adherence to such limitations periods “is the best guarantee of even-handed administration of the law.” *Mohasco Corp. v. Silver*, 447 U.S. 807, 826, 100 S. Ct. 2486, 2497 (1980).

Union Pacific R.R. Co., 138 F.3d at 330 (accrual of cause of action no longer tolled once plaintiffs informed that continued resort to administrative remedies would be futile).

It is hard to imagine a set of circumstances under which tolling of the statute of limitations could be less warranted. Engelhard's losses began in 1991. Conrail and ST both explained their positions as early 1997 (and possibly earlier) and at all times acted consistent with those positions. (In Conrail's case, that meant never paying mileage between Selkirk and Barber St.). Despite knowing that the amount in question had reached hundreds of thousands of dollars by that time, Engelhard waited *another year* only to ask the railroads to explain again their respective positions, all while mileage claims were routinely being denied and its claims were steadily mounting. Engelhard then waited *three more years* before filing suit. It is beyond question that Engelhard did not act diligently.

It is also beyond question that Conrail will suffer prejudice as a result of Engelhard's failure to pursue timely its alleged rights. Not only must Conrail defend litigation which has its origins in events occurring more than a decade before the filing of the Complaint, it must do so after having been stripped of most of its employees and many of its records in the wake of its control by CSX Transportation and Norfolk Southern, a transaction which this Board is well familiar with. The farther back in time this Board permits Engelhard to reach for damages, the more prejudice Conrail will suffer.

Engelhard's statute of limitations problem is entirely of its own doing. In this case, "the interests in prohibiting the prosecution of stale [claims]", *Johnson*, 421 U.S. at 463-64, outweigh all others issues, and Engelhard deserves no sympathy.

G. Engelhard' Recovery is Extremely Limited Under its Own Theory.

Engelhard maintains that a cause of action accrues upon a railroad's denial of a claim or the expiration of the Tariff's initial four month review period, whichever is earlier. *See* Engelhard's Opening Statement at 6. Engelhard's own evidence reveals that on or before August 26, 1998, it filed fifteen groups of claims for Selkirk-Barber St. mileage. *See* Exhibit D. Under Engelhard's own theory, the two-year statute of limitations began to run with respect to the claims encompassed by those claims groups on December 26, 1998, if not earlier. Since Engelhard did not file its Complaint until May 15, 2001, its action is untimely to the extent it seeks to recover the mileage allowances encompassed by those fifteen claim groups.¹¹

¹¹ A sixteenth claim group was filed on February 26, 1999. *See* Exhibit D. If the claims submitted in that group were denied on or before May 14, 1999, they are also untimely under Engelhard's theory.

The total "Outstanding Amount" represented by the remaining three claims groups is \$164,653.31. *See* Exhibit D. This amount is substantially less than the \$568,000 sought in the Amended Complaint. Further limiting Engelhard's recovery would not amount to an injustice but rather a deserved consequence. Indeed, a contrary result would reward a dilatory plaintiff who waited a decade to take action. Such is not the purpose of statute of limitations tolling. *See Aluminum Co. of Amer.*, 1989 WL 239057 at *1-2.

IV. CONCLUSION

For the foregoing reasons, Conrail respectfully requests that this Board rule that the applicable two-year statute of limitations prohibits Engelhard from recovering any mileage allowances allegedly earned in connection with shipments which were delivered (or tendered for delivery) prior to May 15, 1999. In the alternative, Conrail respectfully requests that this Board rule that the applicable two-year statute of limitations prohibits Engelhard from recovering all mileage allowances allegedly earned through March 1999.

Respectfully submitted,

AGREEMENT

Dated as of March 31, 1990

between

CONSOLIDATED RAIL CORPORATION ("Conrail")

and

THE BOSTON AND MAINE CORPORATION ("B&M")

and

THE SPRINGFIELD TERMINAL RAILWAY COMPANY ("ST")

Relating to Interchange of Loaded and
empty freight cars on B&M/ST's track
between Mile Posts 3.0± and 4.6± (including necessary
head and tail room) at Barber, Massachusetts.

AGREEMENT

THIS AGREEMENT, entered into as of this 31st day of March, 1990, by and between CONSOLIDATED RAIL CORPORATION (hereinafter referred to as "Conrail") and THE BOSTON AND MAINE CORPORATION (hereinafter referred to as "B&M") and THE SPRINGFIELD TERMINAL RAILWAY COMPANY ("ST") (hereinafter collectively referred to as "B&M/ST")

WHEREAS, Conrail and B&M/ST are parties to that certain Agreement dated October 27, 1989, as amended (the "October 27, 1989 Agreement"), concerning the movement of finished motor vehicles destined for the New England area for the Ford Motor Company (the "Ford Traffic") over certain B&M/ST Trackage between Barber, Massachusetts and the B&M/ST's Hill Yard at Ayer, Massachusetts and

WHEREAS, in the interest of improved service the parties desire to enter into an agreement providing for the interchange of loaded and empty freight cars between them of other, non-Ford Traffic (the "Other Traffic") in accordance with applicable tariffs and commercial arrangements, on B&M/ST's track, at Barber, Massachusetts.

NOW THEREFORE, the parties hereto, intending to be legally bound, agree as follows:

SECTION 1. FORD TRAFFIC NOT GOVERNED BY THIS AGREEMENT

This Agreement shall not govern the movement of Ford Traffic between the parties. The movement of the Ford traffic over the B&M/ST's Trackage between Barber and the

Hill Yard, and all rights and obligations of the parties with respect thereto, shall be governed by the October 27, 1989 Agreement.

SECTION 2. CONRAIL'S TRACKAGE RIGHTS OVER P&W

Conrail hereby represents and warrants that Conrail has secured trackage rights (the "P&W Trackage Rights") over the tracks of the Providence and Worcester Railway Company ("P&W") between the junction of Conrail's and the P&W's tracks in Worcester, Massachusetts, and the junction of the P&W's and the B&M/ST's tracks at approximately milepost 3.0 in Barber (the "P&W Trackage"). Conrail shall maintain the P&W Trackage Rights throughout the term of this Agreement.

SECTION 3. INTERCHANGE PROVISIONS

Except as otherwise provided in the October 27, 1989 agreement, Conrail and B&M/ST hereby establish B&M/ST's track(s) between Mile Post 3.0± and Mile Post 4.6± (Burncoat Street) at Barber, Massachusetts as the location for the interchange of cars (other than Ford traffic referenced in Section 1 of this Agreement) ~~in arranged freight service in accordance with the attached "Exhibit I" or extra freight service as mutually agreed to between the parties hereto,~~ routed via Barber (the "Barber Interchange Point"). Conrail and B&M/ST shall deliver interchange cars to and pull interchange cars from B&M/ST's tracks(s) so designated by B&M/ST between Mile Posts 3.0± and 4.6± (including necessary head and tail room), hereinafter referred to as "Interchange Track(s)".

*See Letter of
6-12-1991*

(a) Conrail shall not handle interchange cars via Barber, Massachusetts which originate or terminate on rail properties now or formerly owned or operated by B&M/ST in the City of Worcester or originate or terminate on that portion of B&M/ST's Ayer Branch between Barber's Station and Clinton, Massachusetts. Further operating arrangements under this Agreement shall in no way violate Conrail's operating rights over the Providence and Worcester Railroad Company (P&W), as governed by an agreement between Conrail and the P&W dated June 30, 1989.

(b) For all purposes, except for determining responsibility for Per Diem/Car Hire Charges, cars together with containers and/or trailers loaded thereon (hereinafter referred to as "cars") shall be considered as interchanged from the account of one party to the other as follows:

(i) Interchange of eastbound cars shall take place at the Barber Interchange Point when the eastbound train clears Mile Post 3.0±, comes to a complete stop on the Interchange Track(s), cars are accompanied or preceded by proper billing for forwarding to ensure delivery, and Conrail's crew is physically relieved by B&M/ST personnel taking custody and control of said eastbound train.

(ii) Interchange of westbound cars shall take place at the Barber Interchange Point when the westbound train comes to a complete stop on the Interchange Track(s) (north of

Mile Post 3.0±), cars are accompanied or preceded by proper billing for forwarding to ensure delivery, and B&M/ST's crew is physically relieved by Conrail personnel taking custody and control of said westbound train.

(c) Except as provided herein, the interchange of cars covered by this Agreement shall be governed by the applicable Interchange Car Service and Car Hire Rules and any supplements or amendments thereto promulgated from time to time by the Association of American Railroads.

(d) Except as otherwise provided in the October 27, 1989 agreement, the party receiving the cars in interchange shall be responsible for making a mechanical inspection thereof in accordance with the current rules of the Association of American Railroads. Inspection of cars shall be conducted by the parties at the points of destination of the train handling such interchange cars, as indicated by (i) and (ii) below, or the first point where Car Inspectors are available to conduct such inspections. Any car failing the mechanical inspection referred to in the preceding sentence shall not be considered as interchanged.

(i) If B&M/ST is the party receiving the cars in interchange, B&M/ST will make the mechanical inspection at Ayer, Massachusetts, Lawrence Yard, Massachusetts, Portland, Maine, or Waterville, Maine.

- (ii) If Conrail is the party receiving the cars in interchange, Conrail will make the mechanical inspection at its Selkirk Yard, in the vicinity of Albany, New York.

In the event the receiving party fails to make the aforementioned mechanical inspection, the cars shall be considered interchanged as provided above and the responsibility for the mechanical condition of the cars shall be transferred to the receiving party.

- (e) In the event the parties agree to operate extra freight service via the Barber Interchange Point, all provisions of this Agreement shall apply equally to such extra freight service.

- (f) B&M/ST shall maintain, repair, and renew the Interchange Track(s) in reasonably good condition, for the use herein contemplated, at its sole cost and expense, with its own supervision and labor. B&M/ST does not guarantee the condition of the Interchange Track(s) or that operation thereover will not be interrupted.

SECTION 4. MILEAGE AND CAR HIRE

Except as otherwise be provided in October 27, 1989 agreement, for the purpose of determining per diem, car hire, and car mileage payments, and for no other purpose, cars interchanged at Barber, Massachusetts shall be treated as if interchanged at Conrail's Selkirk Yard, in the vicinity of Albany, New York. ~~Conrail shall use its best efforts to handle cars between Selkirk Yard and Barber~~

*See letter
of 6-12-1991*

~~in accordance with the Schedule of Arranged Freight Service, as summarized in Exhibit "I".~~ The time of interchange shall be as follows:

(a) The time of interchange in the case of cars interchanged by Conrail to B&M/ST shall be when the eastbound train handling such interchange cars departs Selkirk Yard (CP-SK).

(b) The time of interchange in the case of cars interchanged by B&M/ST to Conrail shall be when the westbound train handling such interchange cars arrives at Selkirk Yard (CP-SK).

(c) The aforementioned arrangements shall be subject to reclaim and other applicable Interchange Car Service and Car Hire Rules and any supplements or amendments thereto promulgated from time to time by the Association of American Railroads.

SECTION 5. MANAGEMENT AND OPERATION

(a) Conrail shall comply with the provisions of the Federal Locomotive Inspection Act and the Federal Safety Appliance Acts, as amended, and all other federal and state laws, regulations, and rules respecting the operation, condition, inspection, and safety of its trains, locomotives, cars and equipment while such trains, locomotives, cars and equipment are being operated over the Interchange Track(s). Conrail shall indemnify, protect, defend, and save harmless B&M/ST and its directors, officers, agents, and employees from and against all fines, penalties, and liabilities imposed upon B&M/ST or its

directors, officers, agents, or employees under such laws, rules, and regulations by any public authority or court having jurisdiction in the premises, when attributable solely to the failure of Conrail to comply with its obligations in this regard.

(b) Conrail in its use of the Interchange Track(s) will comply in all respects with the operating rules and regulations of B&M/ST and the movement of Conrail's trains, locomotives, cars and equipment over the Interchange Track(s) and shall at all times be subject to the orders of the Transportation Officers of B&M/ST. Conrail's trains shall not include locomotives, cars or equipment which exceed the width, height, weight or other restrictions or capacities of the Interchange Track(s) as published in Railway Line Clearances, and no train shall contain locomotives, cars or equipment which require speed restrictions or other movement restrictions below the authorized freight speeds as provided by B&M/ST's operating rules and regulations without the prior consent of B&M/ST. Conrail shall indemnify, protect, defend, and save harmless B&M/ST and its directors, officers, agents and employees from and against all liabilities when attributable solely to the failure of Conrail to comply with the provisions of this subsection.

(c) Conrail shall make such arrangements with B&M/ST as may be required to have all of its employees who shall operate its trains, locomotives, cars and equipment over the Interchange Track(s) qualified for operation thereover, and Conrail shall pay to B&M/ST, promptly upon receipt of bills therefor, any cost incurred by B&M/ST in

connection with the qualification of such employees of Conrail as well as the cost of pilots furnished by B&M/ST, until such time as such employees are deemed by the appropriate examining officer of B&M/ST to be properly qualified for operation as herein contemplated.

(d) B&M/ST may conduct an investigation at its option if a Conrail employee working on B&M/ST's property is alleged to have violated NORAC operating rule or B&M/ST's rules, regulations, orders, practices or instructions, or if an incident occurs which requires an investigation under applicable agreement rules. To exercise its option, B&M/ST will schedule the investigation and notify Conrail's Local Transportation Officer in the territory thereof, who will, in turn, arrange to issue proper notice to Conrail's employee(s) of the investigation. B&M/ST's scheduling of the investigation must comply with the time limits provided in the applicable agreement on Conrail's railroad. B&M/ST will provide its regulations, supplements, and safety rules to Conrail at no cost.

(e) If B&M/ST conducts an investigation, B&M/ST shall have the right to exclude from the Interchange Track(s) any employee of Conrail except officers, determined by B&M/ST as the result of B&M/ST's investigation or hearing described below, to be in violation of NORAC operating rules or B&M/ST's rules, regulations, orders, practices or instructions.

(f) In a major offense such as violation of Rule G, dishonesty, insubordination, or a serious violation

of operating rules, wherein B&M/ST desires to bar a Conrail employee from service on B&M/ST's territory pending an investigation by B&M/ST, immediate verbal notification will be given to the appropriate Transportation Officer of Conrail so that proper written notice can be issued to the employee.

(g) If B&M/ST conducts an investigation, its officer will conduct the investigation, but an officer of Conrail may be present to assure compliance with Conrail's labor agreement and practices with respect to investigation procedures. After the investigation is concluded, B&M/ST will promptly furnish Conrail with two copies of the transcript and a recommendation as to the discipline to be assessed. Conrail's Transportation Officer will arrange to assess discipline, subject to receipt of B&M/ST's recommended discipline, within the applicable time limits. If B&M/ST recommends dismissal, Conrail reserves the right to change the recommendation to the extent of barring the individual from operating over B&M/ST's territory.

(h) It is understood that B&M/ST shall reimburse Conrail for all payments that Conrail might be required to make as a result of a successful challenge being made by the employee or his representative as to the discipline recommended by B&M/ST and assessed by Conrail. Conrail agrees to notify B&M/ST before committing itself to making payment of any claim. In the event a claim is progressed to an Adjustment Board, B&M/ST will be given an opportunity to review Conrail's submission. Any payments made to employees, as a result of an investigation being "overturned", shall include not only actual wages, but in

"overtaken", shall include not only actual wages, but in addition, shall include expenses which Conrail may be required to pay covering vacation allowances, Railroad Retirement taxes, unemployment insurance taxes and any other payroll tax or fringe benefits.

(i) The trains, locomotives, cars and equipment of Conrail, B&M/ST, and any other present or future user of the Interchange Track(s) or any portion thereof shall be operated without prejudice or partiality and in such manner as will afford the most economical and efficient manner of movement of all traffic.

SECTION 6. LIABILITY

The responsibility of the parties hereto as between themselves for loss of, damage to, or destruction of any property whatsoever or injury to or death of any person or persons whomsoever, resulting from, arising out of, incidental to, or occurring in connection with the interchange operations at Barber, Massachusetts set forth in this Agreement, shall be determined as follows:

(a) Whenever any loss of, damage to, or destruction of any property whatsoever, or injury to or death of any person or persons whomsoever, or any damage to or destruction of the environment whatsoever, including without limitation land, air, water, wildlife, and vegetation, occurs with the trains, locomotives, cars or equipment of, or in the account of, Conrail being involved, without the trains, locomotives, cars, or equipment of, or in the account of, B&M/ST being involved, Conrail shall assume all liability therefor and bear all cost and expense

in connection therewith, and shall forever protect, defend, indemnify, and save harmless B&M/ST and its directors, officers, agents, and employees from and against any such liability, cost, and expense, regardless of whether caused in whole or in part by the fault, failure, negligence, misconduct, nonfeasance or misfeasance of B&M/ST or its directors, officers, agents or employees.

(b) Whenever any loss of, damage to, or destruction of any property whatsoever, or injury to or death of any person or persons whomsoever, or any damage to or destruction of the environment whatsoever, including without limitation land, air, water, wildlife, and vegetation, occurs with the trains, locomotives, cars, or equipment of, or in the account of, B&M/ST being involved, without the trains, locomotives, cars, or equipment of, or in the account of, Conrail being involved, B&M/ST shall assume all liability therefor and bear all cost and expense in connection therewith, and shall forever protect, defend, indemnify, and save harmless Conrail and its directors, officers, agents, and employees from and against any such liability, cost, and expense, regardless of whether caused in whole or in part by the fault, failure, negligence, misconduct, nonfeasance or misfeasance of Conrail or its directors, officers, agents, or employees.

(c) Whenever any loss of, damage to, or destruction of any property whatsoever, or injury to or death of any person or persons whomsoever, or any damage to or destruction of the environment whatsoever, including without limitation land, air, water, wildlife, and vegetation, occurs with the trains, locomotives, cars, or

298 866

equipment of, or in the account of, both B&M/ST and Conrail being involved, B&M/ST and Conrail shall separately assume and bear all liability, cost, and expense for loss of and damage to said trains, locomotives, cars (including without limitation lading), and equipment operated by each of them and for injury to and death of each of their directors, officers, agents, and employees, and persons in each of their care and custody, and all liability, cost, and expense for injury to and death of any other person or persons whomsoever, for loss of, damage to, or destruction of all other property (including without limitation the Interchange Track(s)) and for any damage to or destruction of the environment whatsoever, including without limitation land, air, water, wildlife, and vegetation, so occurring shall be borne equally by B&M/ST and Conrail. Whenever any liability, cost, or expense is assumed by or apportioned to a party hereto under the foregoing provisions, that party shall forever protect, defend, indemnify, and save harmless the other party to this Agreement and its directors, officers, agents, and employees from and against that liability, cost, and expense assumed by that party or apportioned to it, regardless of whether caused in whole or in part by the fault, failure, negligence, misconduct, nonfeasance or misfeasance of the indemnitee or its directors, officers, agents or employees.

(d) Notwithstanding the foregoing provisions, whenever any loss of, damage to, or destruction of any property whatsoever, or injury to or death of any person or persons whomsoever, or any damage to or destruction of the environment whatsoever, including without limitation land, air, water, wildlife, and vegetation, occurs with the

trains, locomotives, cars, or equipment of, or in the account of, both parties to this Agreement being so involved, without the trains, locomotives, cars, or equipment of, or in the account of, any other user being involved, and in the event such loss, damage, destruction, injury, or death is attributable to the sole negligence of the employee(s) on the train(s), locomotive(s), car(s), or caboose(s) of, or in the account of, only one of the parties to this Agreement where such sole negligence is the active or proximate cause of such loss, damage, destruction, injury, or death, the party hereto whose employee(s) was (were) solely negligent shall assume and bear all liability, cost, and expense in connection with the loss, damage, destruction, injury, and death so occurring, and said party shall forever protect, defend, indemnify, and save harmless the other party to this Agreement and its directors, officers, agents, and employees from and against any such liability, cost, and expense.

(e) In every case of death or injury suffered by an employee of either B&M/ST or Conrail, when compensation to such employee or employee's dependents is required to be paid under any workmen's compensation, occupational disease, employer's liability, or other law, and either of said parties under the provisions of this Agreement is required to pay said compensation, if such compensation is required to be paid in installments over a period of time, such party shall not be released from paying any such future installments by reason of the expiration or other termination of this Agreement prior to any of the respective dates upon which any such future installments are to be paid.

298 866

(f) For the purposes of this Section 6, the word "equipment" shall mean and be confined to (i) cabooses, (ii) vehicles and machinery which are capable of being operated on railroad tracks that, at the time of an occurrence, are being operated on the Interchange Track(s), and (iii) vehicles and machinery that, at the time of an occurrence, are on the Interchange Track(s), or their rights-of-way, for the purpose of the maintenance or repair thereof or the clearing of wrecks thereon.

SECTION 7. CLEARING OF WRECKS

Clearing of wrecks or derailments and repair and restoration of roadbed, track and structures, on the designated interchange track(s) will be performed by B&M/ST, and the cost thereof will be distributed in accordance with Section 6 hereof.

SECTION 8. INVESTIGATION

(a) Except as provided in Subsection (b) hereof, all claims, injuries, deaths, property damages, and losses arising out of or connected with this Agreement shall be investigated, adjusted, and defended by the party bearing the liability, cost, and expense therefor under the provisions of this Agreement.

(b) Each party will investigate, adjust, and defend all freight loss and damage claims filed with it in accordance with 49 U.S.C. Section 11707 or 49 C.F.R. Section 1005, or in accordance with any applicable transportation contracts filed pursuant to 49 U.S.C. Section 10713.

298 866

033090

(c) In the event a claim or suit is asserted against B&M/ST or Conrail which is the other's duty hereunder to investigate, adjust, or defend, then, unless otherwise agreed, such other party shall, upon request, take over the investigation, adjustment, and defense of such claim or suit.

(d) All costs and expenses in connection with the investigation, adjustment, and defense of any claim or suit under this Agreement shall be included as costs and expenses in applying the liability provisions set forth in this Agreement, except that salaries or wages of full-time claim agents, full-time attorneys, and other full-time employees of either party engaged directly or indirectly in such work shall be borne by such party.

(e) Excluding freight loss and damage claims filed in accordance with 49 U.S.C. Section 11707 or 49 C.F.R. Section 1005, neither party shall settle or compromise any claim, demand, suit, or cause of action for which the other party has any liability under this Agreement without the concurrence of such other party if the consideration for such settlement or compromise exceeds Ten Thousand Dollars (\$10,000).

(f) It is understood that nothing in this Section shall modify or waive the conditions, obligations, assumptions, or apportionments provided in Section 6 hereof.

SECTION 9. PAYMENT OF BILLS

(a) Except for payments which a party may be required to make pursuant to Section 6 herein, all payments called for under this Agreement shall be made within sixty (60) days after receipt of bills therefor. No payments shall be withheld while any dispute is pending as to the correctness of items in the bills rendered. The records of each party hereto, insofar as they pertain to matters covered by this Agreement, shall be open at all reasonable times to inspection by the other party.

(b) Bills rendered pursuant to the provisions of this Agreement, shall include direct labor and material costs, together with the surcharges, overhead percentages, and equipment rentals in effect at the time any work is performed.

SECTION 10. EMPLOYEE PROTECTION

B&M/ST shall assume and hold Conrail harmless from all B&M/ST employee claims predicated on loss of, or adverse impact on, compensation, benefits, or working conditions, arising from the routing of Conrail - B&M/ST interchange traffic via the Barber Gateway, arising from this Agreement or the activities of the parties hereunder, whether such claims are based on conditions imposed by the Interstate Commerce Commission or are predicated on the Railway Labor Act or labor agreements.

SECTION 12. SUCCESSORS AND ASSIGNS

This Agreement shall bind and inure to the benefit of the parties and their respective legal representatives, successors and assigns. Each party acknowledges and agrees that the other party shall have the right to assign any or all of its rights and obligations under this Agreement to any one of its affiliate(s) without the consent of the other party. Neither party may assign its rights and obligations under this Agreement to a non-affiliate without the prior written consent of the other party, which consent shall not be unreasonably withheld.

SECTION 13. NOTICE

Any notice required or permitted to be given by one party to the other under this Agreement shall be deemed given on the date sent by certified mail, or by such other means as the parties may mutually agree, and shall be addressed as follows:

- (a) If to Conrail:
c/o Senior Vice President - Operations

EXPLANATION OF NOTES

1. The code numbers shown opposite the abbreviations of the participating rail carriers are the Association of American Railroads Mandatory Accounting Rules, Rule 260 code numbers, and have no bearing on the rate application in this tariff.
2. Item of general application affecting the participation of all or large groups or numbers of carriers are not listed in this column.

TARIFF 6007-L

RULES AND OTHER GOVERNING PROVISIONS GENERAL RULES AND REGULATIONS

ITEM 5

REFERENCE TO TARIFFS, ITEMS, NOTES, RULES, ETC

1. Where reference is made in this tariff to tariffs, items, notes, rules, etc., such references are continuous and include supplements to and successive issues of such tariffs and reissues of such items, notes, rules, etc.
 2. Where reference is made in this tariff to another tariff by number, such reference applies also to such tariff to the extent it may be applicable on intrastate traffic or traffic to or from Canada.
-

ITEM 10

CONSECUTIVE NUMBERS

1. Where consecutive numbers are represented in this tariff by the first and last numbers connected by the word "to" of a hyphen they will be understood to include both of the numbers shown.
 2. If the first number only bears a reference mark such reference mark also applies to the last number shown and to all numbers between the first and last numbers.
-

ITEM 15

METHOD OF CANCELLING ITEMS

1. Except as provided in Paragraph 2, as this Tariff is supplemented, numbered items with letter suffixes cancel correspondingly numbered items in the original tariff, or in a prior supplement. Letter suffixes will be used in alphabetical sequence starting with A. Example: Item 100-A cancels item 100, Item 100-AA cancels Item 100-Z, Item 100-AB cancels Item 100-AA, Item 100-BA cancels Item 100-AZ, or Item 105-B cancels Item 105-A, in a prior supplement which in turn cancelled Item 105.
-

ITEM 20

METHOD OF DENOTING REISSUED MATTER IN SUPPLEMENTS

1. Matter brought forward without change from one supplement to another will be designated as "Reissued" by a reference mark in the form of a square enclosing a number, the number being that of the supplement in which the reissued matter first appeared in its currently effective form. To determine its original effective date, consult the supplement in which the reissued matter first became effective.
-

ITEM 22

BALTIMORE AND OHIO CHICAGO TERMINAL RAILROAD COMPANY (SEE EXCEPTION 1)

1. Provisions of this tariff for the movement of empty cars without charge to or from shop facilities for cleaning, lining, relining, maintenance or repair, will not apply to such cars moving from or to shop facilities served by BOCT, to the extent charges are published in Tariff BOCT 8100-Series.

EXCEPTION

1. These provisions do not apply to tank cars.
-

TARIFF 6007-L

SECTION 1 APPLIES ONLY ON TANK CARS

ITEM 25

APPLICATION OF SECTION 1

1. The term "Cars of Private Ownership", when used in this tariff, is defined as cars bearing other than Railroad Reporting marks that are owned by individuals, firms, corporations, or car companies, including cars owned and/or operated by railroad controlled car lines.
2. Except as otherwise provided herein, these rules govern the handling of tank cars including the payment of mileage allowances, when used by railroads parties to this tariff individually or jointly, where specifically provided herein, for transportation over their lines as follows:
 - A. Between points in the United States (interstate and intrastate) including movements where part of the through route is through the Dominion of Canada.
 - B. Internationally, i.e., between points in the United States and points in the Dominion of Canada. (Applicable only on that portion of the haul within the United States).
 - C. For that portion of the haul in the United States in connection with movements between points in the Dominion of Canada where part of the through route is through the United States.

EXCEPTIONS TO APPLICATION AND RULES APPLIES ONLY ON TANK CARS

ITEM 30

GENERAL EXCEPTION

1. The rules and mileage allowances published herein will not apply to:
 - A. Cars that are not properly registered in the Official Railway Equipment Register, RER 6413-Series, showing the marked capacities and assigned reporting marks and the gallonage capacities of which are not published in Tank Car Capacities Tariff WTL 6300-Series, except that the gallonage capacities of cars designed and used exclusively for handling commodities on which weights and charges are arrived at by weight and not by gallonage capacities of cars not to be published in Tank Car Capacities Tariff WTL 6300-Series.
 - B. Mileage allowances named in Item 195-Series of this tariff will not apply to cars handled under the provisions of Item 190.

ITEM 35

APPLIES ONLY FOR CARRIERS NAMED IN THIS ITEM

1. The provisions of Item 187-Series "Equalization of Mileage on Tank Cars of Private Ownership", will not apply in connection with carriers named below:

Florida East Coast Railway Company

Kansas City Southern Railway Company (Stations 31011 to 31315 only)

ITEM 50

APPLIES ONLY FOR CARRIERS NAMED IN THIS ITEM

1. Empty privately-owned or leased tank cars used or to be used in Intra-Mexican service will be subject to the following provisions:
 - A. Owner or lessee shall secure an entry permit from the involved Mexican carrier prior to empty movement to the border crossing and permit number must be shown in the writing instructions accompanying such car.
 - B. Subsequent to Intra-Mexican service, written instructions for each car entering the U.S. must clearly indicate the exact consignee or facility for disposition of the car prior to movement beyond the border gateways.
 - C. Upon failure to comply with paragraphs A or B, a holding charge of \$10.00 per day will be assessed for each 24 hours or fraction thereof beginning at 7:00 AM of the day following arrival of such empty privately owned or leased car at the border crossing, (excluding Saturdays, Sundays and holidays), until provisions of paragraphs A and B as applicable are fulfilled.

1. Provisions of Item 190 Series, or any other provision allowing for free switching service of an empty freight car (or cars) to or from shop facilities for cleaning, lining, relining, maintenance, modification or repair, will not apply to and from shop facilities served by KCS. Matter of switch charge will be handled by contractual agreement between KCS and repair shop owner(s).
-

ITEM 131

NORFOLK SOUTHERN RAILWAY COMPANY

1. When it is necessary to move a loaded private car to/from shop or repair facilities located on NS, NS will pay mileage payments not to exceed the amount that would have been earned had the car not required additional rail movements to/from shop or repair facilities, provided that the mileage allowances for the loaded movement are not elsewhere restricted.
-

ITEM 135

NORFOLK SOUTHERN RAILWAY COMPANY (EXCEPTION TO ITEM 190) (See NOTE 1)

When a car is released from load on NS, the empty will be returned via the reverse of the loaded route to the origin station of the last loaded movement. If the owner or lessee of the car desires movement via a different route or to a station other than the origin of the last loaded movement, empty billing instructions must be sent prior to release of the empty car via FAX to:

FAX: 404-580-6092
Norfolk Southern Railway Company
Agency Operation Center
125 Spring Street South West
Atlanta, GA 30303

If the owner or lessee requests movement via a different route, or to a station other than the origin of the last loaded movement, after release of the empty car, diversion provisions and charges, as named in Norfolk Southern Tariff 8002 Series, are applicable. (See Exception 1.)

EXPLANATION OF NOTE

1. If subject tank car has last contained Hazardous Materials, shipping paper must be furnished at the point of origin of the empty car for all moves whether they are reverse or not.

EXCEPTION

1. The empty tank car will be allowed one diversion on Norfolk Southern without charge. All subsequent diversions on Norfolk Southern will be charged at the applicable diversion charge and be subject to rules governing diversions in NS 8002 series. SECTION 1 RULES AND REGULATIONS APPLIES ONLY ON TANK CARS

ITEM 180

PAYMENT OF MILEAGE

1. Upon written application reporting marks will be assigned to car owner or lessee by the Secretary, Business Services, Association of American Railroads, provided applicants are subscribers to the AAR Mechanical Interchange Agreement. Applications for reporting marks shall state the name and address of the owner and lessee for cars under lease.
 2. Mileage allowance must be reported to the car owner (person or company at a single address, to whom the reporting marks are assigned) within one (1) month and ten (10) days from the last day of the month in which it is earned including payment for cars on hand at the end of that month.
 3. Mileage allowance for the use of tank cars will be paid only to the person or company at a single address, to whom the reporting marks are assigned provided cars are properly equipped and marked with the assigned reporting marks and car number, and providing further that:
 - A. The marked capacities and assigned reporting marks are properly submitted, not later than the date of the installations of cars in service, to The Official Railway Equipment Register for publication in the next succeeding issue.
 - B. Gallonage capacities are published in Tank Car Capacities Tariff WTL 6300 Series EXCEPT when cars are designed and used exclusively for handling commodities on which weights and charges are arrived at by weight and not by gallonage capacity of cars.
 - C. A description of each car is furnished to the Secretary, Customer Service Division, AAR, as required in the Universal Machine Language Equipment Register for the assignment of applicable mileage allowances. Such information received by the Secretary by the last working day of the month except, data transfers requiring data entry by AAR staff must be received by the 25th day of the month, will be effective the first day of the subsequent month. Cars registered with transportation code S, X, or Y are not eligible for mileage allowances and will be assigned a zero rate.
 4. Reporting marks assigned to private car owners shall consist of four letters including the final letter "X".
 5. Assigned reporting marks must be painted or stenciled on the body of the car. When reporting mileage allowances, the carding, placarding, or boarding of cars will not be recognized.
-

ITEM 182

DEDUCTIONS AND MILEAGE CLAIM HANDLING PROCEDURES

1. Deductions By Railroads To Private Car Owners
 - A. Mileage allowed in error, by a railroad, including, but not limited to mileage allowed at incorrect rates for any reason, may be deducted from the car owner's account within twenty-four (24) months from the last day of the month for which the mileage was reported as earned, but not later. A railroad may tender an invoice for mileage allowed in error at any time within twenty-four (24) months from the last day of the month for which the mileage was reported as earned. Except as provided in paragraph 3, an owner-lessor of a private car must remit within eight (8) months after the invoice is presented the entire amount of any invoice issued to it.
 - B. Deductions for amounts of \$25.00 or less shall not be taken after the expiration of two (2) months and ten (10) days from the last day of the month the mileage was earned.
 2. Claims Issued By Private Car Owners To Railroads.
 - A. A private car owner must, within twenty-four (24) months from the last day of the month the completed cycle was reported, present any claim for mileage allowance discrepancies, including incorrect rates or omissions, to the applicable rail carrier in the prescribed AAR format, as published in AAR Circular No. OT-3 Series in The Official Railway Equipment Register. Claims not presented in the required format will not be processed. The railroad receiving the claim must within the four (4) months from the date on which the claim was presented allow it in whole or in part, or decline it. The private car owner may reissue its claim, if applicable within four (4) months from the last day of the four (4) months' period allowed the railroad which handled the claim prior to reissuance. The railroad receiving the reissue claim must within four (4) months from the date of which the reissued claim was presented allow it in whole or in part or decline it. If the railroad fails to handle the original or reissued claim within the prescribed time limits, it will constitute a valid claim as last presented and must be honored by the railroad to which presented. Claim for amounts of \$25.00 per car per cycle or less shall not be issued. The \$25.00 limit is not applicable where no miles were reported for the railroad cycle.

ITEM 182 CONT'D

DEDUCTIONS AND MILEAGE CLAIM HANDLING PROCEDURES

3. Claims by Owners-Lessors

- A. If a railroad takes a deduction against or issues an invoice to an owner-lessor for mileage allowed in error, including, but not limited to, mileage allowed at incorrect rates for any reason, but the erroneous allowance payment is not recoverable by the owner-lessor as defined below, the owner-lessor may present a claim for the recovery of the amounts deducted by the railroad or the cancellation of an unpaid invoice within two (2) years of receiving notice of the railroad's deduction or invoice. For application of this tariff provision, an owner-lessor may claim that an erroneous mileage payment is "not recoverable" only when (a) the erroneous mileage payment was actually paid or credited by the owner-lessor to a lessee (except those lessees whose primary business is the leasing of cars to entities other than those within a lessee's corporate family and who ship only incidentally) irrespective of whether the lessee subsequently paid or credited the mileage allowance payment to a sublessee; (b) the erroneous allowance payment cannot be recovered from the lessee because the lessee has declared bankruptcy or sought reorganization or is no longer a lessee of the owner-lessor; (c) the owner-lessor exercised timely efforts to recover the erroneous allowance payment beginning within ninety (90) days of receiving notice of the railroad's deduction or invoice; and (d) the owner-lessor undertook diligent collection efforts to recover the erroneous allowance payments until eight (8) months from the date of such notice or invoice (or until the earlier date of initiation of bankruptcy/reorganization proceedings), including making demands for payment and taking deductions against lessees' accounts. Such a claim must be accompanied by a certificate signed by an officer or other person specifically authorized to sign the certificate of the owner-lessor stating how the claim satisfied each of the requirements set forth above, together with documents reflecting the owner-lessor's collection efforts. If, using reasonable efforts, the railroad is unable to determine whether the lessee's primary business is the leasing of cars to entities other than those in the lessee's corporate family, it shall consult with the owner-lessor, which shall provide the railroad with any evidence of the lessee's shipping activities which may be available to the owner-lessor using reasonable efforts. The owner-lessor shall provide the railroad with an assignment of the owner-lessor's claims and rights to collect the amount not recovered upon payment of the claim of cancellation of the invoice by the railroad.
- B. If the railroad had deducted the amount of an erroneous allowance payment from an owner-lessor, the railroad must remit to the owner-lessor the amount deducted within four (4) months of its receipt of a properly presented, valid claim from the owner-lessor.

ITEM 185

COMPUTATION OF MILEAGE (See Exceptions 1 through 6)

1. Mileage will be computed on the basis of actual distance based on freight mileage tables of the individual lines parties to this tariff, lawfully on file, via the route of movement from station of origin or station at which received from connecting line to destination station or to stations at which delivered to connecting line without deduction of mileage through switching districts (see Note 1).
2. When the transportation begins and ends, i.e., when a car is both loaded and unloaded, within a switching district, no mileage will be allowed. Mileage between an industry or public track and freight station at station of origin or destination will not be allowed.

EXPLANATION OF NOTES

1. The intent of the clause "without deduction of mileage through switching districts" is to insure mileage being allowed for the full distance the car moves, via route of movement from freight station of origin to freight station to which destined. When there are two or more freight stations on a road within a switching district, mileage will be paid to or from the station within such district at which the car is actually loaded or unloaded or at which it is received from or delivered to connecting line.

EXCEPTIONS

1. In computing distances between stations on the UP on the one hand and stations on the KCS on the other hand, via the New Orleans Gateway, deduct 11.5 miles from the actual distance to and from New Orleans via the UP and 5.4 miles from the actual distance to and from New Orleans via the KCS.
 2. Mileage will be allowed on movements having origin and destinations at stations or districts within the Chicago Switching District, provided the movements originate at or are destined to industries having private sidings.
 3. In computing distances between stations on the UP on the one hand and stations on the IC on the other hand via the New Orleans Gateway, deduct 11.5 miles from the actual distance to and from New Orleans, LA via the UP and 5.1 miles from the actual distance to and from New Orleans via the IC.
 4. In computing distances from, to or via KCS on traffic routed via New Orleans, LA, interchanged at Shrewsbury, LA, deduct 5.4 miles from the actual distance to and from New Orleans, LA on the KCS.
 5. When for account of the KCS, mileages will be computed on basis of the shortest distance over the route of these lines determined by freight mileage tables lawfully on file, in lieu of actual distance as provided in Paragraph 1 of this item.
 6. All traffic between West Lake, LA on KCS and interchange with UP will be made at De Quincy, LA, in lieu of Lake Charles, LA for carriers convenience and to facilitate industries located at West Lake, LA. KCS will not pay mileage allowance between West Lake, LA and De Quincy, LA, when cars are moving under provisions of UP reroute orders.

SECTION 1 RULES AND REGULATIONS APPLIES ONLY ON TANK CARS

ITEM 187

EQUALIZATION OF MILEAGE ON TANK CARS OF PRIVATE OWNERSHIP

PART A AGGREGATE EMPTY MILEAGE VERSUS LOADED MILEAGE (SEE NOTE 1)

1. Should the aggregate empty mileage accumulated by tank cars carrying any of the reported marks assigned to any one person or company during a calendar year exceed the aggregate loaded mileage during the same calendar year by more than six (6) percent, such excess mileage must be paid for by the person or company to whom the reporting marks are assigned at the rate of forty-two (42) cents per mile, without minimum, subject to the procedures outlined in Part D (See Note 2, this item).
2. Mileage on empty cars moving on revenue billing will not be included in the equalization account.
3. Empty mileage accumulated on cars moving to and from repair facilities for modification under DOT mandated retrofit programs or for inspection and/or repair under FRA Emergency Order Nos. 16 and 17, O & M Circular No. 4, or AAR Circular Letter 7697 will not be included in the equalization account. Similar relief will be allowed only for AAR mandated bottom discontinuity programs for 1984 and subsequent equalization years through July 1, 1994; if a special movement to the repair facility is required.
4. Except as outlined in Item 190 Series, paragraph 2 (c), no adjustments to loaded or empty mileage will be made in the equalization account for mileage caused by error in handling of the reporting railroad or of another railroad, or for mileage accumulated on cars moving on their own wheels to and from repair facilities due to railroad damage or for mileage accumulated due to longer routes for railroad convenience, detours and Surface Transportation Board Service Orders. Rail carriers will make equalization adjustments to the owners of excess reported on-line empty mileage on cars, they lease and operate under private marks, or cars of other lessees and/or owners operating on their line for company material, weed killer and similar service.
5. Adjustments to loaded or empty mileage will be made in the AAR equalization account for apparent accounting errors in the total mileage reported for participating rail carriers under the following procedures. In the absence of appropriate adjustments being made by the AAR or a participating carrier for such accounting errors, a private car company or owner may request an appropriate adjustment for mileage summaries reported in error, from the involved rail carrier in the format prescribed by the AAR, provided such request is made within thirty (30) days of the forwarding of the monthly AAR "Year to Date Equalization Register", containing the alleged error, furnishing a duplicate of such request to the Secretary, Business Services, AAR. The rail carriers will have thirty (30) days from the date of such request in which to decline or make all or a portion of the requested adjustment, advising the Secretary of the handling accorded. If the rail carrier fails to act upon a request for adjustments in the AAR summary totals within the specified time frame, the AAR is authorized to make the adjustment to the equalization account of the private car company or owner for the amount of mileage originally requested. Exceptions to the annual national equalization statement will be handled in accordance with the provisions of Part D (2).

ALL requests for adjustments to the equalization account must be presented by the private car company or owner to the involved rail carrier(s) or presented by the rail carrier(s) to the private car company or owner within three (3) years from the last day of the reporting month in question. However, such request for adjustments will not be accepted by the AAR if the involved rail carrier or car owner is no longer an operating entity, except as provided for in Part C.
6. Aggregate loaded and empty mileage will be computed on the basis of actual distance, as defined in Item 185-Series. Adjustments made subsequent to the deadline specified in Part D will be computed in the subsequent equalization account year.

PART B REPORTING OF ACTUAL LOADED AND EMPTY MILEAGE

Each participating carrier will submit a monthly mileage report in the format prescribed by the AAR to the assignee of each reporting mark forty (40) days after the close of the movement month reporting by individual car number the actual loaded and empty miles moved as computed in accordance with Item 185-Series. In addition, total actual monthly loaded and empty mileage accumulated by all cars bearing each reporting mark will be reported to the assignee of such mark in the format prescribed by the AAR, furnishing a duplicate of this summary report to the Secretary, Business Services, AAR. Adjustments for prior months will be indicated on this monthly summary report.

PART C CHANGE OF OWNERSHIP

When a private tank car company or owner discontinues business or disposes of all tank car equipment, any excess empty mileage balance which has accrued to the date of such action, on the tank cars bearing the reporting marks of such company or owner, shall be subject to bill as of that date, in accordance with the provisions of Parts A and D of Item 187-Series, subject to any applicable adjustments.

TARIFF 6007-L

SECTION 1 RULES AND REGULATIONS APPLIES ONLY ON TANK CARS

ITEM 187 CONT'D

EQUALIZATION OF MILEAGE ON TANK CARS OF PRIVATE OWNERSHIP

PART D ANNUAL NATIONAL EQUALIZATION ACCOUNTING

1. After May 20 of each year, the Secretary, Business Services, AAR will summarize all empty and loaded mileage by reporting mark assigned to any person or company, reporting for the proceeding calendar year, by all participating carriers to this tariff. Should the aggregate empty mileage exceed the aggregate loaded mileage of all participating carriers by more than (6) percent for any such group of reporting marks, the person or company to whom the reporting marks are assigned will be billed at the rate of forty-two (42) cents per mile without minimum and must pay the AAR on behalf of each participating carrier for such excess for such empty mileage. The charges collected for this excess empty mileage will be distributed to the participating carriers by the AAR in direct proportion to such carriers portion of excess empty mileage to the total accumulated excess empty mileage. Only that mileage and any related adjustments reported to the Secretary prior to May 20 will be considered in determining and excess empty mileage, as outlined herein (See Notes 1, 2 and 3).
2. An annual national equalization statement detailing the excess empty mileage accumulated and any applicable charges will be tendered by the Secretary to the person or company assigned the reporting mark(s) for such cars for verification no later than July 1 of the year succeeding the equalization accounting year. Exceptions to this statement must be received by the Secretary within 30 days of the date tendered, and payment for all excess empty mileage is due immediately thereafter. Any adjustments made by the participating carriers up to and including the March account applicable to the prior year(s) will be incorporated in the equalization accounts for the prior equalization accounting year. Any railroad or AAR adjustments made subsequent to the March account will be carried over to the following equalization accounting year (see Note 3).
3. A private car company or owner failing to render complete payment for all excess empty mileage within thirty (30) days of the date its equalization statement is tendered by the AAR will be subject to a penalty of one and a half percent (1.5%) interest per month (i.e., annual rate of 18%) for each calendar month or fraction thereof on any outstanding balance due from the date of the AAR's invoice statement. If any portion of a private car company's or owner's equalization statement remains unpaid in excess of 3 months from the date initially tendered, all mileage allowances accrued by the tank cars registered in the UMLER file bearing its reporting marks will be withheld by the carriers participating in this item until such time as complete payment including applicable penalty interest is made. Once complete payment is made, the participating carriers will be notified by the AAR and claims for any applicable mileage allowances withheld will be honored, less a 15% penalty charge for the carriers' administrative expense.

EXPLANATION OF NOTES

1. The forty-two (42) cents per mile charges for excess empty mileage under the provisions of this item is subject to revision September 1 of each year under Ex Parte No. 328 agreed annual update procedures, and will be retroactively applied to cover the entire calendar year involved.
 2. Close out dates specified in Part D may be extended by the AAR for a maximum of 60 days for special national accounting problem conditions, affecting substantially all carriers and all owners.
 3. Invoices that have been issued which, after investigation, are determined to have been erroneous due to rail carriers or AAR accounting and/or system errors may be cancelled by the Secretary.
-

ITEM 190

HANDLING OF EMPTY TANK CARS (SEE NOTE 2)

1. When a tank car is released from load, the owner or lessee must issue instructions for the disposition of the empty car to the agent at point of unloading either direct or through consignee or via EDI. Empty instructions may also be included with the original loaded shipping instructions if transmitted via EDI. If the owner or lessee fails to have instructions in the hands of the railroad agent having jurisdiction at point of unloading prior to the time the car is released from load to forward the car or written instructions to hold it, the agent is authorized to forward the empty car to the origin point of the last load via reverse of the loaded route. No tank car which last contained hazardous material may be moved without having shipping instructions furnished as per Title 49 Code of Federal Regulations.
 2. Empty tank cars will be handled as follows:
 - A. Except as otherwise provided in this tariff, cars covered by this section will be moved empty without charge between stations or junction points upon receipt of instructions from the car owner or lessee confirmed in writing. Such instructions must include the specific facility to which such empty car is consigned or the name and address of the person or company which controls the car. No allowance will be made for mileage of such cars during empty movement.
 - B. A new car, a car that is restenciled with private reporting marks or a newly acquired car moving prior to its first loaded move in commercial service and a newly acquired car moving prior to its first loaded move in commercial service and a car moving for sale or scrap will be moved upon surrender of a bill of lading and will be subject to applicable rates named in Consolidated Freight Classification and/or in Uniform Freight Classification or in state classification tariffs where state rates apply, or other applicable tariffs (see Note 1).
 - C. If the owner or lessee or party issued instructions to forward the empty tank car to the origin point of the last load by specific routing different than the reverse routing of the loaded movement, the total miles of such return movement will be billed at the excess empty mileage rate specified in Item 187-Series without minimum and such empty mileage so billed will be excluded from the equalization account of the owner. This billing will be made to, and collectable from, the person so requesting such variance in the return routing. If the carriers depart from the destinations, junctions or carriers of the reverse route of the load, any resulting excess empty miles will be excluded from the car owner's equalization account by erring carrier.

SECTION 1 RULES AND REGULATIONS APPLIES ONLY ON TANK CARS

ITEM 190 *CONT'D*

EXPLANATION OF NOTES

1. A car loaded with railroad company material moving on non-revenue billing will be considered as having been loaded in commercial service on which the railroads derived line-haul revenue.
2. The provisions of this item apply except as otherwise provided in Item 192-Series of this tariff.

ITEM 192

HANDLING AND HOLDING OF EMPTY TANK CARS BY RAILROADS ON RAILROAD TRACKS (SEE NOTE 1)

1. The rules and charges in this item apply only to empty private tank cars consigned to non-railroad repair facilities; i.e., facilities for cleaning, lining, relining, maintenance, modification or repair.
2. The rules and charges do not apply to:
 - A. Empty private tank cars moving as revenue freight under the provisions of Item 190-Series, Paragraph B 2.
 - B. Empty private tank cars handled or held for carrier operating convenience.
 - C. Empty private tank cars en route to facilities for cleaning, lining, relining or repair for heavy repairs following railroad damage.
 - D. Empty private tank cars en route to repair facilities located on the premises of a shipping facility, provided that the empty car, after repair, is subsequently shipped from the facility in revenue freight service.
3. No allowance will be made by carriers for mileage accrued during supplemental empty movement of tank cars that are assessed charges as provided in Paragraph 5.
4. Charges applicable under these provisions will apply to empty private tank cars which the consignee has not ordered to his cleaning, lining, relining, maintenance, modification or repair facility (or his owned or leased tracks in the vicinity thereof) before the expiration of 48 hours free time (not counting Saturdays, Sundays or holidays) after placement. The time calculation will start the first 7 A.M. subsequent to carrier notification to the consignee that the empty private car is ready for placement and the time calculation will stop when the carrier places or forwards the car pursuant to instructions or should have placed or forwarded the car pursuant to instructions.
5. After expiration of free time as provided in Paragraph 4, charges will be as follows: (See Note 2)
 - A. Supplementary handling charge of \$46.00 per car.
 - B. Holding charge of \$1 per car per calendar day or fraction thereof including Saturdays, Sundays and holidays while held by carrier on non-leased tracks awaiting disposition.
6. In the event the consignee orders the car to tracks owned or leased by the consignee in the vicinity of the facility for cleaning, lining, relining, maintenance, modification or repair within the forty-eight hour period described under Paragraph 4, this item, there will be no supplementary handling charge for the movement; however, such cars will be subject to the supplementary handling charge of \$46.00 per car (See Note 2) at such time that the empty tank car is subsequently ordered and moved onto the facility for cleaning, lining, relining, maintenance, modification or repair or ordered moved from that facility to the tracks or leased by the consignee in the vicinity of the facility.
7. Applicable billing will be monthly to the facility involved.

EXPLANATION OF NOTES

1. The rules and charges in this item do not in any way supersede or duplicate existing, or new written contractual operating, side track, track lease, property lease, etc., agreements or tariffs that contain empty private tank car handling and holding provisions as part of the overall agreement.
2. Per ExParte No. 328, the supplementary handling charge will be revised annually at the same time as the tank car mileage allowance update, utilizing the same method as that prescribed for updating the excess mileage equalization charge.

EXPLANATION OF NOTES

- Designating symbols (mechanical designation) will be assigned to car owner or lessee by the Secretary, Technical Services, Association of American Railroads, upon written application.
- For mileage allowance purposes, the service year of a car is calculated based upon year of construction of underframe. A car's first service year is the year built. Its second service year begins on January 1 of the year following the year built, with succeeding service years starting on January 1 of each following year. If the tank's service year exceeds 30, the car's service year is considered to be in excess of 30 regardless of year of construction of underframe. For those cars constructed without an underframe, the car's service year is calculated based upon year of construction of tank. Service year is determined by subtracting the year of construction (built/rebuilt) from the current calendar year, plus 1, e.g., (2000 - 1970) + 1 = 31, or Service Years 31 and over allowance bracket.
- For cars built prior to January 1, 1968 assignment of owned or leased cars to value groups will be determined by the undepreciated base classification value. In addition, capitalized additions and betterments shall be added to the value if not already included in the BCV system.
- Applies as follows:
 - For cars built between January 1, 1968 and July 1, 1991, assignment of owned or leased cars to value groups will be determined by the original cost as represented to the original buyer by the manufacturer's invoice price at the time of original installation into service. In the case of a manufacturer-lessor, the fair market value or the value which was certified, or would have been certified, for investment tax credit purposes shall be substituted therefore.
 - Assignment to value groups of cars placed into service after July 1, 1991 will be determined by the original cost of the car to the original buyer as stated in the manufacturer's invoice. In only two circumstances, owners may certify as alternative "true value" in lieu of invoice price: (a) manufacturers who retain cars for their own leasing service and (b) purchasers who can demonstrate that they contributed physical assets of significant value that were used by the manufacturer in fabricating a car, resulting in a reduction of the invoice price by more than \$1,000 per car below the price that otherwise would have been charged. For manufacturers "true value" is the price for which a car or group of cars manufactured as a group would have been sold in an arm's length transaction. For purchasers who have made a qualifying contribution to fabrication, "true value" is the invoice price plus the depreciated value of the contributed assets distributed over the cars for which the assets were used, subject to the same limitations on "true value" which would apply to a manufacturer.

"True value" shall not exceed the average price of similar cars registered in UMLER at invoice price within the most recent 12 months for which registration information is available in UMLER, adjusted for changes in the market values of new tank cars as reflected in average car prices. If the AAR determines by audit that a certified "true value" exceeds this value limit by an amount that causes a car to be placed in a higher allowance value bracket, the value of the car will be reduced to the appropriate value bracket. In addition, if the AAR determines by audit that a certified, "true value" exceeds this value limit by an amount that causes a car to be placed in allowance value bracket more than one bracket above the otherwise applicable bracket, excess allowances paid as a result of the over valuation shall be reimbursed to the paying railroads.

Those owners who certify a "true value" in lieu of invoice price during the calendar year must provide to the AAR an officer's certificate at the end of the year stating that, based on all information available to the owner, the owner has complied with the terms of this item. Car owners must supply for entry into UMLER all information required for tank cars in the UMLER Specification Manual. Notwithstanding any other provision of this tariff item, "true value" will be subject to audit directly by the AAR.

EXPLANATION OF NOTES

4. C. If applicable, initial into service transportation costs, capitalized original lining costs, capitalized additions and capitalized betterments shall be added to car values determined pursuant to paragraphs 4 (A) and 4 (B), above, if not already included in the value of the car. For cars built after January 1, 1988, capitalized inspection costs shall be added to the value, if applicable and if not already included in the value, if applicable and if not already included in the value of the car. Values other than invoice price shall be identified in accordance with the current AAR UMLER format at the time cars are submitted to the Secretary, Business Services, AAR, for registration in the UMLER file (see Note 6, this item).
- D. The rebuilt year and rebuilt valuation of a private car will be utilized for the purpose of computing applicable mileage allowances subject to the following conditions:
1. The car must be rebuilt in accordance with the current requirements of Rule 88, Section C of the Office Manual and Sections A & B of the Field Manual, AAR Interchange Rules. Application for official rebuilt status must be filed with the AAR Technical Services and written formal approval received prior to registering such car in the UMLER file with rebuilt age and valuation data.
 2. Assignment of owned or leased rebuilt cars to value groups will be determined as outlined in Notes 4. (A), 4. (B) and 4. (C) herein, except that the maximum valuation of a rebuilt private car shall not exceed the lesser of:
 - a. 75 percent of the original cost of a comparable new car.
 - b. 75 percent of the calculated replacement cost of the rebuilt car prior to rebuilding, as computed per AAR Interchange Rule 107.
- E. All car ages and values submitted are subject to verification by the AAR, and audit by the AAR or the owners independent public accountant upon reasonable request by the AAR. If the car owner elects to have the audit performed by its independent public accountant, such audit must be performed in a timely fashion in the manner prescribed by the AAR, will be performed at the car owner's expense and must be duly certified by the car owner's auditor as representing the true value of all cars included in such audit. Failure of the car owner to furnish the required car valuation data to the AAR UMLER file, to arrange for the requested audit, or to correct errors determined as a result of such audit, will result in such car(s) being assigned to the lowest applicable mileage allowance rate group.
- F. Maximum original cost of fair market value will be as follows:
- | | |
|---|----------|
| 1. For cars built in 1981 and prior | \$64,001 |
| 2. For cars built in 1982 | \$58,001 |
| 3. For cars built in 1983 | \$56,001 |
| 4. For cars built in 1984 | \$51,001 |
| 5. For cars built in 1985 | \$54,001 |
| 6. For cars built in 1986 | \$66,001 |
| 7. For cars built in 1987 | \$62,001 |
| 8. For cars built in 1988 | \$63,001 |
| 9. For cars built in 1989 | \$64,001 |
| 10. For cars built in 1990 | \$67,001 |
| 11. For cars built in 1991 | \$71,001 |
| 12. For cars built in 1992 | \$70,001 |
| 13. For cars built in 1993 | \$76,001 |
| 14. For cars built in 1994 | \$74,001 |
| 15. For cars built in 1995 | \$80,001 |
| 16. For cars built in 1996 | \$83,001 |
| 17. For cars built in 1997 | \$84,001 |
| 18. For cars built in 1998 | \$89,001 |
| 19. For cars built in 1999 | \$94,001 |
| 20. For cars built in 2000 and subsequent | \$92,001 |
- NOTE: Age is determined by subtracting the year of construction (built/rebuilt) from the calendar year plus 1. e.g. (2000-1988) + 1 = 13.
5. For cars built or rebuilt subsequent to December 31, 1977, all values reported to the AAR UMLER file must be stated in equivalent US dollars based on the applicable exchange rate at the time such cars were built or rebuilt. Subsequent capitalized additions and betterments reported to UMLER must also be stated in equivalent US dollars at the time such improvements were made.
6. Applies as follows:
- A. Into service transportation costs are those freight charges associated with the movement of a car that is ready for its first load to the locations of the car's original installation into service. Other transportation charges incurred during construction (e.g., to a facility which installs the original lining, etc) may be included in ledger value provided that the cost is capitalized.
 - B. A capital expenditure is an expenditure intended to benefit future periods in contrast to revenue expenditure/current expense which benefits a current period. It is an addition to a capital asset and is initially reflected on the balance sheet. A capital expenditure normally is subject to depreciation in future years.

MILEAGE RATE ALLOWANCE ON TANK "T" AND HOUSE CAR "XT" (SEE ITEM 196 FOR EXPLANATION OF DESIGNATING SYMBOLS) (SEE NOTE 1)

EXPLANATION OF NOTES

6. C. Applies as follows:
1. An addition or betterment has the effect of:
 - a. Extending the useful life of a car beyond the life projected when the car was entered into service; or
 - b. Increasing a car's normal use beyond that which was in effect when the car was entered into service; or
 - c. Lowering the operating costs beyond that which was in effect at the time the car was entered into service; or
 - d. Otherwise adding to the worth of the benefits a car can yield beyond that in effect when the car was entered into service (e.g., enhance safety, etc).
 - e. Any repair that maintains a car in its customary state of operating efficiency is NOT an addition or betterment.
 2. An addition is the installation of a new component of a car (not a replacement) which meets the above tests. The value registered in UMLER shall be the cost of the component added, including labor.
 3. A betterment is the replacement of a component of the car with a superior component. The value registered in UMLER for a betterment should not exceed the cost of the superior component, including labor minus (1) the original value of the component that was replaced (i.e., retired) and (2) the cost (i.e., expense) incurred in removing the old component.
 4. When a unit of property is removed from a car (i.e., partial retirement), the ledger value registered in UMLER shall be reduced by the original value of the unit removed.
 5. Any cost recovered under AAR Defect Car Billing, if applicable, must be deducted from the cost of an addition or betterment.
7. Applies as follows:
- A. When an owner: (1) makes a valuation correction to the UMLER file; or (2) changes the mechanical designation of cars registered in the UMLER file; and such changes result in an increase or decrease in the mileage allowance rates, the Secretary, Business Services, AAR, will be so notified and the increase or decrease will be applied retroactively. Once cars have been reported to the UMLER file, any of the foregoing corrections or changes that result in a retroactive increase or decrease in the mileage allowance rates will be identified by the Secretary. The car owner is required to furnish the Secretary documented proof of the basis of the correction or change and advise as to any applicable mileage allowance adjustments which are required.
 - B. Retroactive Mileage Allowance Decrease: Within five (5) months from the date of a change to the UMLER file resulting in a retroactive mileage allowance rate decrease, the owner will notify all using carriers of such decrease with either supporting details or a summary of the over-collections, with a copy to the Secretary. After receiving such notification, the using carrier shall deduct such amount(s), in the next open mileage reports to the car owner, plus fifteen (15) percent to reimburse the handling road for audit and associated administrative expenses. If the owner fails to send notification to the users within five (5) months, the Secretary shall notify carriers of the car initial(s) and number(s) involved and the user(s) shall make an adjustment, as described above.
 - C. Retroactive Mileage Allowance Increase: Within five (5) months from the date of a change to the UMLER file resulting in a retroactive mileage allowance rate increase, the owner will notify all using carriers of such increase with either supporting details or a summary of the under-collections, with a copy to the Secretary. After receiving such notification, the using carriers shall add such amount(s) in their next open mileage reports to the car owner, less fifteen (15) percent to reimburse the handling roads for audit and associated administrative expense. No retroactive mileage allowance rate increase will be applicable if the owner fails to notify the using carriers of such increase within five (5) months from the date of a change to the UMLER file.

ITEM 196

EXPLANATION OF SYMBOLS USED IN ITEM 195

SYMBOL	EXPLANATION
"T"	Tank Car. Tank car means any car which is used only for the transportation of liquids, liquefied gases, compressed gases, or solids that are liquefied prior to unloading. Car may be without underframe if container serving as superstructure is designed to serve as underframe. If car has underframe, it must be designed only for the carriage of one or more enclosed containers (with or without compartments) that form the superstructure and are integral parts of the car. All such containers must be securely attached to underframe when offered for transportation but may have demountable features.
"XT"	A house car with or without doors either metal lined or enclosing one or more tanks.

Re: Engelhard Corporation Mileage Credits

Gentlemen:

I am writing on behalf of Engelhard Corporation concerning an issue that has, over the last several years, escalated to major proportions, costing Engelhard hundreds of thousands of dollars in lost mileage credits. The issue concerns ST's use of Conrail's tracks between Selkirk and Barber Station.

As I understand it, the track is owned by Conrail and an operating agreement exists with ST to use the track. ST is responsible for mileage credits when operating under the agreement, however, it is ST's contention that on a large percentage of the moves Conrail is retaining the freight revenue and is therefore responsible for the mileage credits. On the other hand, Conrail claims that ST is always responsible for the mileage credits. The net effect of this disagreement is that Engelhard has not been paid at all for the 155 miles in contention over thousands of moves.

I think all parties will agree that Engelhard is due payment. Engelhard is determined to pursue a prompt resolution of this problem before the absorption of Conrail by, in the case of this section of tract, CSXT. As a first step in resolving this issue, Engelhard has asked me to request that both Conrail and ST reply to this letter with a statement of its position concerning this issue. Please reply as soon as possible.

In order to facilitate any research you may feel is required, I am including copies of several recent claims which have been rejected by ST as Conrail's responsibility, but which Conrail has also not paid.

Thank you for your prompt attention to this matter. Please call with any questions or comments.

RE: Engelhard Corporation Mileage Credits

Gentlemen:

In response to your letter asking us to state our position on payment of mileage for the 155 mile segment from Selkirk, NY. to Barber's Station, Ma. Liability is determined from the Bill of Lading route of movement the same way divisions of revenue are determined. There is a haulage agreement between Conrail and Springfield Terminal for operational convenience but it does not change the carhire liability.

I have given you the two possible scenarios for traffic moving eastward from CR to ST. If the route states CR-ROTTJ ST, then ST divisions of revenue and liability for carhire mileage begins at Selkirk, NY. ST pays mileage between Selkirk and Barber's Station. Conrail is hauling the cars but the cars remain in ST's account for both revenue and carhire as per the haulage agreement.

If the route states CR-BRBER ST, then ST divisions of revenue and liability for carhire mileage begins at Barber's Station, Ma. The carhire from Selkirk to Barber's Station remains in the account of Conrail. This is not a haulage move and the haulage agreement does not apply. Traffic moving westward from ST to CR works the same way.

If I can be of any additional assistance please let me know.

Yours very truly,

H. Jeffrey Miller
Mgr. Revenue Systems

RE: Mileage Adjustment Claims

Dear John:

We have had phone conversations and previous letters to Joe Galasso concerning the attached claims.

Steve Magyar states he has been in contact with you concerning these moves. The BM shows mileage due by CR because bills of lading show junction as Barbstation not Rotterdam Jct.

Please advise when adjustment will be made.

Yours very truly,

Mr. Larry Burks, Manager
Freight Rate Service Co.
1644 North Corrington Ave.
Kansas City, MO 64120

Dear Mr. Burks:

This letter is in response to your telephone conversation of March 10, 1997 with my colleague, Mr. Steve Magyar. Apparently, there is some misunderstanding about Conrail vs. Springfield Terminal liability for mileage earned through Rotterdam Junction and Selkirk, New York and Barbers Station, Massachusetts.

Responsibility is determined by means of the routing of the cars. This information is provided on individual waybills. If the car is waybilled Rotterdam Junction or Selkirk, NY, Springfield Terminal is responsible for the additional 155 miles between Selkirk and Barbers Station. If the waybill indicates Barbers Station, it is entirely a Conrail move. Conrail is receiving freight revenue on the entire move, and is responsible for car hire on the entire move. The 155 miles of track between Selkirk and Barbers Station belong to Conrail.

If you have access to such waybill information, you can save much time and effort for both of us by pre-screening your claims to ensure that only those waybilled Rotterdam Junction or Selkirk are filed against Springfield Terminal for the additional mileage due. If not, my colleagues and I will continue to screen all claims that you send. All claims that we return to you which are Barbers Station waybilled must be re-issued to Conrail so that you can collect from them.

This letter should clear up any misunderstandings between us. If you still have questions, please feel free to contact me at (508) 663-1064 or Mr. Magyar at (508) 663-1069.

Very truly yours,

STATEMENT OF JOHN DIGIOVANNI

1. My name is John DiGiovanni. I am currently employed by Norfolk Southern Railway Company in the capacity of Supervisor, Car Accounting.
2. Between April 1, 1976, and September 30, 1999, I held various positions in Consolidated Rail Corporation's ("Conrail's") Car Accounting Department, including Supervisor and Assistant Manager. As a result of my duties in Conrail's Car Accounting Department I am familiar with Engelhard Corporation's ("Engelhard's") claims for mileage allowances between Selkirk, NY and Barber St., MA.
3. I am the author of the memorandum attached hereto. I prepared that memorandum and sent it to Larry Burks of Freight Rate Service Company in response to Mr. Burks' March 13, 1997 letter to me.
4. Between 1996 and 1998, I had numerous conversations with Mr. Burks and Patrick F. Kelley of Rail Transportation Management Services concerning Engelhard's claims for mileage allowances between Selkirk and Barber St. During those conversations I explained that Conrail's position was that, pursuant to the March 31, 1990 agreement (the "Haulage Agreement") between Conrail and Springfield Terminal Railway Co. ("ST"), mileage allowances between Selkirk and Barber St. were the responsibility ST regardless of how the freight revenue was divided between Conrail and ST.
5. Conrail's position that ST was responsible for mileage allowances between Selkirk and Barber St. applied to all shipments physically interchanged with ST at Barber St., not just to shipments moving in tank cars owned or controlled by Engelhard.

6. By 1998 at the latest, Conrail was routinely rejecting without review all claims for mileage allowances between Selkirk and Barber St. submitted on behalf of Engelhard.

I declare under penalty of perjury that the foregoing is true and correct and that I am qualified and authorized to file this Statement.
