Transcript:

I live on the south side of the tracks in Barrington between Lake Cook and Otis Road. It was suggested by CN Railway that I make a request for a noise monitor. We have a very big problem with screeching of the wheels right now, and if this train goes through, we were told by CN that this is going to be a bigger and more worse problem. So, I'm requesting a noise monitor. I live at 34 Otis Road, Barrington, IL. My phone number is 847-382-8834. I hope to hear back soon regarding this noise monitor. Thank you. Bye bye
