Transcript:

I'm calling in regards to the railroad. Uh, I am so opposed to this. The crossing is a block from my home, they are going to totally, totally ruin our neighborhood. Our children won't even be able to get to school on busses, the elderly will not be able to get to hospitals, and the environment will be horrendous with all of these trains going through our community. My community is Frankfort, Illinois and I'm giving my protest now to this company that has the nerve to come from Canada to the United States and expect us to pay for their railroad. My comments I hope are going to be taken, and I hope that this bill does not get passed. We need someone in Congress to stand up for our communities. Thank you. Good bye.
