Docket # 35952

I oppose the Great Lakes Basin Railroad proposed route from La Porte, Indiana to Milton, Wisconsin, with Grundy County farms as a pass-through.

One major public environmental issue which will affect farms in Grundy County, Illinois is the derailments of freight trains hauling hazardous materials which would lead to toxic chemicals in the prime farmland soil.

Please stop the Great lakes Basin Railroad construction from La Porte, Indiana to Milton, Wisconsin and the destruction of valuable farmland. Please stop the Great Lakes Basin Railroad project from being constructed on valuable Illinois farmland which will significantly impact the corn and soybeans production on this farm because large areas of the corn and soybean fields will be rendered useless and permanently destroyed.
