To Whom It May Concern:

I am writing this letter as a form of written complaint. I moved to New Lenox 3 years ago in June from Chicago Heights. I made the move in order to have a "safer place" to live. I've felt relatively safe until I read all the information about the CN Railways wanting to buy the EJ&E railways systems. The hazardous materials these trains will be carrying ALONE is enough to make someone think twice, along with the increase in traffic we will have to deal with. I live on Cedar Rd. and the traffic is bad enough there now. We don't need more traffic and if the trains will be running every 51 minutes, the back up will affect more people than I care to think about. PLEASE everyone, rally up and DO NOT allow this transaction to happen. This lovely town we live in will just be as congested as the city of Chicago. Isn't that why we all here chose to live in the suburbs???
