Traffic congestion is already dreadful in Barrington at rush hour in the morning, when schools are released and at evening rush hour. I already avoid going out after 2:30 pm. Downs further out are still growing, specifically Crystal Lake so traffic as it is will continue to grow. The cargo being carried is of great concern with the dense population in the area and many schools. Many homes and buildings are close to the tracks. The noise would cause a decrease in property value. I oppose this venture.
