Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

I am strongly against proposed by The Canadian National Railway Co. to acquire The E.T. & E. Railway.

- It would seriously affect the safety of people
 - delay ambulances getting to hospital by 15 minutes - which could be critical.
 - delay emergency police + fire personnel from getting to emergency site

- lower air quality $\rightarrow$ increase noise pollution
- vibrations would negatively impact ^{processes} wildlife in natural areas

- dangerous chemicals going through a peaceful country town

Life as we know it will be gone ~~not~~

School children will be negatively impacted

- Safety
- ~~School may be free~~

↓ will probably need to get up even earlier
in order to get to school on time →
