Case Number: Docket 35087

Dear Ms. Quinlan,

We are senior citizens who have lived in Will County for the past four years. We moved away from the noise and traffic in DuPage County only now to find ourselves in a situation, which will bring us nothing but noise, pollution and traffic tie-ups. Please include us with all the other residents who oppose the Canadian National Railway from purchasing the Elgin, Joliet and Eastern Railways. We would also like to request that you extend the period for accepting comments on the sale date from 45 days to 120 days.

I trust that the residents of Will County can count on you to make the logical decision for the residents.

Sincerely,

Vernon & Carolyn Reimer
