Subject: CN Railway Company/EJ&E
STB Finance Docket No. 35087

Dear Secretary Quinlan:

As someone who is affected by the problems associated with too many freight trains on the area's tracks, I would like to express my strong support for CN's proposed purchase of a portion of EJ&E Railway. By rerouting many of their freight trains from Harvey and other crowded areas, CN will be performing a great service for the region.

Since I live right near tracks, it is impossible for me to avoid the freight trains' intrusive presence. What I find particularly bothersome is the noise they insist on making at all hours of the day. As a driver, I also find upsetting how much I have to wait in traffic due to the blocked railroad crossings. The other day, for instance, I had to wait for 50 minutes at a crossing before the freight train finally moved and I was able to proceed across the tracks.

There are simply too many people in this portion of the metropolitan area who are inconvenienced by these trains to continue with the present arrangement. CN's proposal should be approved without delay. Thank you for your time and hopefully, your support.

Sincerely,

Nancy Davis
