Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I wish to express my opposition to the CN Acquisition. The congestion and negative economic impact to the village of Barrington ~~from~~ ^{loss} would be substantial and has not been properly calculated.

As a Metro commuter I am also concerned regarding the coordination required between companies as well as potential re-schedule/delays.

As a father, I am against the increase in potential Haz-Mat shipments via rail in our community. I am also concerned that emergency services will be impacted ~~resulting in~~ ^{resulting in} slower or eliminated response times. This is unacceptable.

Lastly, the noise, while attempting to be mitigated will be increased where we live. This is unacceptable. I will accept your offer to purchase my home for \$1.5 million dollars so I can relocate to another community without your ^{the C+N} company nearby.

YOUR INPUT IS IMPORTANT!
