Message:

I oppose CN's acquisition of the EJ&E Railroad. traffic is already bad enough. Plainfield has been denied it's own hospital. We will not be able to get to the hospital and emergency vehicles will be unable to get to a situation in time to save lives if we have to wait for all of the slow train traffic that the acquisition would cause. Why should the taxpayers in this area hav to foot the bill for ways around the track crossings? No to the acquisition!!!!
