Draft Environmental Impact Statement for the  
Proposed Canadian National Railway Company  
Acquisition of the Elgin, Joliet and Eastern Railway  
Company

STB Finance Docket No. 35087

Date: 8/27/2008

I am very concerned about the CN increase in train traffic. The environment in our area will change. The noise from a two mile train 3 blocks from my house. I had a heart attack last year and if this train proposal goes thru, I will have no service as they are south of the tracks and will never make it in time to save me. Barrington does not have Ambulance Service North of the tracks. I also drive over the tracks at least 5 times per day to go to work and attend my church activities. I am also concerned as a taxpayer. CN will rob our area of its environment as well as rob us of our tax paying \$. ALL profits will go to a foreign corporation & my taxes will go out. We already have foreclosures in our neighborhood. This would increase foreclosures.
