Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

I cross one of the most busiest intersections in Barrington on the way to take my kids to sports and church on Sundays as well as many other days of the week. To know that there would be 20 trains instead of 7, makes me realize I could be waiting up to half sitting in the road which also runs out gas which is a considerably large problem with the price of gas. Thankyou for considering my complaint.
