Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

I oppose the acquisition due to the increased risk of train crossing related accidents - both auto and pedestrians - especially children walking to/from school like the BHS. A crossing train will delay anyone in my neighborhood from getting to the hospital as fast as possible. The increased train crossings on the main streets of Barrington will increase the traffic back-ups significantly and with this will cause local businesses to suffer.
