Docket # FD 35952 Great Lakes Basin Transportation, LLC Project

To all it concerns:

We are against this project and respectfully ask, after your educated look, that you vote NO!

Do we need a railroad this large and "land grabbing" mostly for the future? Since the Keystone Pipeline didn't go through is this how "Canadian Investors" plan to get their oil to the East + south coasts? It's just another way to pollute our soil + air making it hard for farm animals + people to live near trains, vibration + "spills."

Very sincerely,

Linda Hinkston
