How will CN's proposed acquisition of the EJ&E impact you?

I CROSS the TRACKS AT OLD MCHENRY ROAD twice a day on my work commute. Additionally I cross the TRACKS IN downtown Lake Zurich TO access the Library, shopping, etc. The tracks also separate me from almost all police, ambulance and fire services. IF this proposal is to go forward, CN should be required to upgrade crossings to minimize these impacts. Please don't allow this to go forward without crossing improvements.
