Message: I would just like to say that I'm against the purchase of the Elgin, Joliet and Eastern Railway by the Canadian National Railway Company. First off, the trains that come through here are a problem sometimes. But now, you're trying to triple the amount of trains daily, which not to mention are carrying hazardous materials. Those trains come ride past our subdivision. Now if there was to be a railroad collision and all those hazardous materials spill out and flow into the air and water drains and pipes. I have two kids that are staying here very frequently, also including the kids within the neighborhood. You're putting a lot of families at risk and backing up traffic constantly.
